PERJURY CHARGES MAY COME LATER

Prosecution of Certain Witnesses at Lorimer Probe is Intimated.

HINES MAKES MANY DENIALS

Important Witness Alleged to Have Connection With Big Bribery Fund on Stand—Even Denies Funk's Testimony.

Washington, June 29.—Intimation that prosecution of certain witnesses for perjury would grow out of the Senate investigation of the election of Senator Lorimer was forthcoming today during the examination of Edward Hines, the Chicago millionaire lumberman, whose name is connected with the $100,000 fund collected to elect Mr. Lorimer. Mr. Hines flatly contradicted many statements of previous witnesses, and the situation aroused Senator Kenyon, of Iowa.

"Now there ought to be some prosecution for perjury right here," he exclaimed. He did not indicate whom he would have indicted, but his remarks created a profound impression.

All day Mr. Hines was on the stand and his examination was not concluded when the committee adjourned until tomorrow. His first testimony that attracted deep interest was his detailed account of how he said President Taft, former Senator Aldrich and Senator Penrose had him exert his influence to have Mr. Lorimer elected to the Senate.

It was announced at the White House tonight that the President would not discuss Mr. Hines' reiterated statement that the chief executive expressed any preference for Mr. Lorimer for Senator. At the time Mr. Hines made his declaration to the investigation committee of the Illinois Legislature that Mr. Taft, Senator Aldrich and Senator Penrose had expressed a desire for Mr. Lorimer's election, friends of the Presideent were prompt in their denial that Mr. Taft was in any way interested. It was then that the President had merely expressed the hope that the deadlock in Illinois would be broken.

At the afternoon session, Senators Gamble, Kenyon and Jones plied the witness with questions, designed to show that he knew nothing directly of President Taft's attitude on the matter. The witness declared that at first he understood the administration was merely anxious for a Republican to be elected, but later it became convinced from some source that Mr. Lorimer was the only one the factions could unite upon and hence it favored him.

"You didn't understand that President Taft and Senator Aldrich wanted to have Mr. Lorimer elected by Democratic votes, dio you?" inquired Senator Gamble.

"I don't know," replied the witness, "that question was not discussed."

"Did you think your message to Springfield that President Taft and Senator Aldrich and Penrose wanted Lorimer elected would influence Democratic votes?" inquired Senator Jones.

"No, I thought it was to influence Governor Deneen."

Mr. Hines then denied in its entirety the testimony of Clarence S. Funk, general manager of the International Harvester Company, regarding the conversation the two men had at the Union League Club in Chicago, shortly after Mr. Lorimer's election. Mr Funk had testified that Mr. Hines asked him on that occasion for a $10,000 contribution to a $100,000 Lorimer campaign fund. Mr. Hines testified that Mr. Funk asked for an introduction to the new Senator and for the privilege of contributing to his election expenses.

Mr. Hines added that when he mentioned the proposed introduction, Mr. Lorimer objected because he regarded Mr. Funk as one of his active enemies. When the Senator explained to Mr. Hines that he had no election expenses to defray, Mr. Hines said he decided not to mention Mr. Funk's offer.

Subsequently he said Mr. Funk expressed disappointment over the outcome of his conversation with Mr. Hines, but continued very cordial, even asking Mr. Hines to get him a seat in the Senate gallery here last fourth of March and to introduce Mrs. Funk to Mrs. Hines, on one occasion last Spring.

Mr. Hines denied he ever went to Mr. Funk's office to refresh the latter's memory as to the Union League conversation. Mr. Funk testified that there was such a visit.

Mr. Hines also contradicted testimony given by Wirt H. Cook, of Duluth, Minn. He denied having telephoned from Mr. Cook's room in a Chicago hotel on May 26, 1909, that he would be down to Springfield on the next train with all the money needed in the Lorimer election. He denied also that he had said in a conversation with Mr. Cook and a Mr. Turrish about May 1, 1909, that he had elected "Old Stephenson," or that the Southern Democrats in Congress "would not stay put on the lumber question, or that he had it all fixed to elect Lorimer" to the Senate.

It was after he had said that he believed he had not read Mr. Cook's testimony about this conversation by the Helm Investigating Committee at Springfield that Senator Kenyon uttered his exclamation about prosecutions for perjury. Mr. Hines told the committee that all his personal checks and those of the companies with which he was connected were open to its inspection.

CAROLINA'S FINE SHOWING

Agricultural Statistics from Census Bureau—Wonderful Increase in Value of Farm Lands —Decrease in Size of Farms.

(Special Star Correspondence.)

Washington, D. C.,—June 30.—North Carolina's agricultural statistics, given out from the census bureau today, make a fine showing for the State. The increase in value of farm lands and farm buildings for the decade of 1900-1910 was wonderful. The value went from $194,656,000 in 1900 to $455,715,000 in 1910, an increase of 134 per cent. The increase in the value of land alone was 141 per cent. The increase in the use of fertilizers was 173 per cent. There was a 13 per cent. decrease in the number of acres per farm. In other words, the North Carolina farm has been reduced from 101 acres to 88 acres. This is a healthy sign. The smaller the farm the better the farmer. The total acreage fell off 2 per cent. in the ten years.

The average value of land per acre went from $6.24 to $15.29, making a gain of 145 per cent. That is a remarkable showing for the State.

The farmer has flourished for ten or more years and the outcry against the high cost of living may give him a little set back but he is able to stand it.

The North Carolina farmer is coming into his own. He is improving his farm and getting more out of life.

ORDERS BY COMMISSION.

One as to Saluda Siding and Other to Lexington Crossing.

(Special Star Correspondence.)

Raleigh, N. C., June 29.—There were two notable orders by the Corporation Commission this morning. One directs the Southern Railway to provide additional side tracks at Saluda to facilitate the unloading of carload shipments, and declining to grant the petition of citizens of the place to have the Southern Railway to change the location of the Saluda depot. The commission holds that the provision of the additional sidings will give all the relief needed.

The other order is in the form of an explanation of the situation at Lexington, where citizens are seeking to have the Southern Railway to improve certain dangerous crossings on the "Cotton Grove Road," The Commission sets out that if the town of Lexington will prepare approaches to a new crossing 100 yards below the present dangerous grade crossing and the Southern then refuses still to provide the necessary bridge and other equipment on its right of way, the commission will then order the Southern to provide these. Until the town does the part indicated for it the commission sets out that it cannot take steps against the Southern. Both these matters are of long standing and Commissioners McNeill and Lee gave hearings to the contending interests at both places recently.

An amendment to the charter of the Carolina Naval Stores Co., Newbern, is filed with the Secretary of State changing the principal office of the corporation from Newbern to Morehead City.

There was a charter issued today for the Statesville Gas Co., of Statesville, capital $150,000 authorized and $5,000 subscribed by W. E. Webb, H. N. Street and J. M. Tissell.

Hon. J. Y. Joyner, State superintendent of public instruction, accompanied by Mrs. Joyner, left today for San Francisco to attend the session of the National Educational Association that will be in session there next week. There will be quite a party from North Carolina to make this trip.

LIFE ALLIANCE AFTER WORLD.

Baptist Minister, From Convention, Marries North Carolina Girl.

Washington, June 29.—En route to his home in Alabama from the Baptist World Alliance convention in Philadelphia, Rev. Samuel A. Cowan, pastor of Southside Baptist Church, of Montgomery, Ala., stopped off in Washington today and was married tonight to Miss Anna B. Grady, of Clinton, N. C. The ceremony was performed at the home of Miss Grady's aunt, Miss Anna E. Bizzelle, at 1101 O street Northwest, by Rev. Dr. Charles A. Stakely, pastor of the First Baptist Church, of Montgomery, Ala., who had also been attending the big Baptist convention.

The wedding was a quiet home affair. No invitations were issued. Miss Grady is a daughter of former Representative B. F. Grady, of the Fifth North Carolina district. She is popular in her home town and in Montgomery, where she spends a great deal of time with her aunt.

Rev. Mr. Cowan met her in Montgomery, where he is a popular young minister. After the ceremony the happy couple left for Atlanta. They will spend their honeymoon at the home of the groom's mother in Jackson, Ala.

Gadsden, Ala., June 29.—The plant of the Southern Iron & Steel Company was closed tonight for repairs. There are about 2,000 men who will be out of work until the plant resumes operations on July 31.

ATTACK ON TEDDY FEATURES INQUIRY

Resulted From Failure to Urge Prosecution of Sugar Trust Officials.

EARLE IS WITNESS AGAIN

Tells of Roosevelt's Action While President—New Features Brought Out Yesterday—Before the House Committee.

Washington, June 29.—George H. Earle, Jr., of Philadelphia, renewed his attack upon former President Theodore Roosevelt today before the House Sugar Trust Investigating Committee. He was especially denunciatory of Mr. Roosevelt's alleged failure to institute criminal prosecution of American Sugar Refining Company's officials after the Pennsylvania Sugar Refinery deal was exposed in 1906. Mr. Earle spoke with such emphasis that he offered to apologize if the committee thought Mr. Roosevelt's inaction was not reprehensible.

Mr. Earle declared he had offered to debate the issue with Mr. Roosevelt in New York last Fall, but that the latter declined the opportunity to "overwhelm" him. He said he had approached Mr. Roosevelt with the feeling that he was "the greatest man in the Universe." Now, however, he wanted, he said, to submit his case to the people of Kansas "who still think" of the former chief executive as he once did. This aroused Representative Madison, of Kansas, who declared he still believed in the integrity of Mr. Roosevelt and a spirited colloquy followed.

Representative Madison said the former President relied on Attorney General Bonaparte for advice in connection with Roosevelt's failure to prosecute the so-called sugar trust and there was no evidence before the committee to show he had acted from improper motives. Mr. Madison insisted upon reading Mr. Bonaparte's decision in the sugar trust case, upon which he declared Mr. Roosevelt had to lean.

"You gentlemen will never prosecute anybody if you try to find excuses for officers who neglect their duty," said Mr. Earle.

"I am not attempting to excuse Mr. Bonaparte," said Mr. Madison. "The President of the United States relied on his law office for advice and there is no evidence before this committee that the President acted from improper motives. I don't agree with the opinion of the Attorney General. I am one of those people of Kansas who still believe in the integrity of Mr. Roosevelt."

"It is just that you should," said Mr. Earle. "I'll trust the people of Kansas to judge whether it was right for the President not to act when he knew that his ad interim attorney general, Mr. Purdy, was anxious to proceed and that there was valuable evidence that might be lost."

"Do you have any doubt that Mr. Roosevelt was a sincere opponent of the immoral practices of great organizations of capital?" asked Representative Hinds.

"I would rather not answer that question," said Mr. Earle.

Adolph Segal, of Philadelphia, so ill that his counsel asked the committee to be considerate of him, testified about the blocking of his efforts to sell the stocks and bonds of the Pennsylvania Sugar Refining Company. He declared that he believed at the time that Mr. Havemeyer was responsible for his difficulty.

HENWOOD IS CONVICTED.

Slayer of St. Louis Aeronaut Found Guilty at Denver.

Denver, Colo., June 29.—Harold Frank Henwood, of New York, promoter, globe trotter and society man, slayer of George E. Copeland, of Victor, Colo., a mining promoter, who was shot by Henwood when the latter killed Sylvester L. Von Phul, a St. Louis aeronaut, today was found guilty of murder in the second degree. The penalty is from ten years to life imprisonment. Judge Whitford granted a ten-day stay of execution to permit the defendant's counsel opportunity to file a motion for a new trial.

Henwood maintained his calm demeanor, although he expressed disappointment.

The information on which Henwood was tried, charged murder, and the plea of Henwood was self-defense against Von Phul. This plea was based on previous quarrels between Von Phul and Henwood over Mrs. John W. Springer, wife of a Denver banker.

It developed that Henwood had been trying to compel Von Phul to return letters, written to Von Phul by Mrs. Springer.

After the shooting of Von Phul and Copeland, Mrs. Springer was sued for divorce, and the hearing is set for next month. The trial of Henwood for the murder of Von Phul is set for July 5th.

Washington, June 29.—The Supreme Court of the United States today issued an order to the Attorney General directing him to instruct the lower courts to carry out the Supreme Court's decision providing for the dissolution of the American Tobacco Company. The 30 days allowed the company to ask for a re-hearing has expired.

MRS. GAMBIER CHIEF WITNESS

Closed Her Suit for Separation Against New York Banker Yesterday—Declared in Tears She Had Done No Wrong.

New York, June 29.—Mrs. Edith Russell Gambier, formerly an Atlanta society girl, closed her suit this afternoon against Edward V. Gambier, a New York bank cashier, for a separation, and immediately thereafter Gambier's countersuit for annullment of the marriage was called. Gambier's counsel asked for a trial by jury but was opposed by Mrs. Gambier's lawyers and the court deferred decision until tomorrow.

The close of proceedings today found Mrs. Gambier on the witness stand and in tears. Counsel for her husband bombarded her with questions relating to her conduct on alleged occasions described in the testimony of detectives who had preceded her. The questions put to Mrs. Gambier were of such a delicate nature that she was soon weeping. She declared that she had done no wrong.

There was no truth, Mrs. Gambier said, to the testimony that she had told Mrs. Adams abroad that she married Gambier to avoid working or to have a home in New York. Never, she declared, had she any intent to deceive Gambier. She had not told him after marriage that she did not love him, and she had tried, she added between sobs to be a faithful wife. The case reached a climax today with the appearance on the stand of Harvey C. Sickler, president of the Atlantic Fertilizer Company. Mr. Sickler is the man with whom detectives employed by Gambier, said Mrs. Gambier went automobile riding on various occasions. Mr. Sickler said that he had taken Mrs. Gambier out in his automobile and had taken her to dinner. He denied, however, that Mrs. Gambier had ever visited his apartment alone.

Referring to one of their automobile rides, counsel asked the witness:

"Did you kiss Mrs. Gambier, or embrace or have Mrs. Gambier on your lap?"

"I did not," replied Mr. Sickler, emphatically.

FROM FARM TO CONSUMER.

Pennsylvania Grange Forms United Stores Association.

Sunbury, Pa., June 28.—The State Grange in session here today instituted what promises to be the most important action ever undertaken by the grange.

They formed an organization which will be known as the United Stores Association, the object of which is, by co-operation on the part of the farmers, to place the porducts of the farm first-handed to the consumer.

The plan is for the association to receive the farm products of its members and distribute them to the association stores in the large centers of population.

The association will be operated on the per cent. system.

The main object of the association is to lower the cost of farm products for the benefit of both farmer and consumer by dispensing with the middlemen who, it is claimed, receive the greatest profit of all concerned, and who, the grange claims are largely responsible for the high cost of living.

WOMAN SAW DEATH COMING

Tells Neighbor Her Time Has Come and Dies.

Lansing, Mich., June 29.—"Well, I guess my time has come," said Mrs. Latchia Williams, aged 108, as she stood in the doorway of the home of her daughter, Mrs. Ellen Bannister, talking to a neighbor yesterday.

With that remark she went inside, and, lying down on a couch, passed quietly away.

Mrs. Williams celebrated her one hundred and eighth anniversary New Year's Day.

Richmond, Va., June 29.—W. L. Pierce, superintendent of the Richmond division of the Southern Railway, died suddenly at his home here today shortly after returning from a game of ball. He was 49 years of age and had been 33 years in the service of the Southern. The interment will be at Lynchburg, Va.

OUTLINES.

George H. Earle, of Philadelphia, on the witness stand at the sugar inquiry yesterday renewed his attack on Roosevelt for his failure while President to institute criminal proceedings against officials of the American Sugar Refining Co.——It was intimated at the Lorimer investigation yesterday that prosecution of several witnesses for perjury may be the result. Edward Hines, of Chicago, alleged to have been connected with the bribery fund, was a witness——A number of radical changes were adopted as recommended by the Committee on Law Reforms were adopted by the North Carolina Bar Association yesterday——Mrs. Gambier was on the stand yesterday in her suit for separation from her husband, and amid tears declared she had done no wrong——Nine indictments were returned yesterday against the "wire trust," in New York.

New York markets: Money on call steady 2 3-8 to 2 1-2 per cent., ruling rate 2 3-8, closing bid 2 3-8, offered at 2 1-2; spot cotton closed quiet, middling uplands 14.80, middling gulf 15.05; flour quiet and steady; wheat steady No. 2 red 94 3-4 elevator and 95 3-4 fob afloat; corn firm, export new No. 2, 62 1-2 fob afloat; oats steady, futures closed nominal; rosin quiet; turpentine steady.

LEADERS OF WIRE TRUST UNDER BAN

Indictments by New York Jury Charge Violation of Sherman Law.

MEN 'HIGHER-UP' DEFENDANTS

Concerns Affiliated With Steel Industry—Satterlee, Palmer and Gould Among Indicted—Government Crusade.

New York, June 29.—Nine indictments charging restraint of trade in violation of the Sherman anti-trust law was returned by a Federal grand jury here this afternoon against as many associations and a long list of individuals comprising the so-called "wire trust," affiliated with the steel industry.

Prominent among the defendants are Herbert L. Satterlee, a son-in-law of J. Pierpont Morgan, and William P. Palmer, president of the American Steel & Wire Company, a subsidiary of the United States Steel Corporation, and Frank Jay Gould, of New York, president of the Old Dominion Iron & Nail Works Company.

"What this suit charges," said District Attorney Wise, "is a trade agreement in restraint of trade. The government does not seek to establish a physical or fiscal merger of the properties or interests indicated, but a series of pools to maintain prices and apportion territory in elimination of competition, and so in violation of the Sherman act."

Thus the suit appears as a further earnest example of the government's determination to deal rigorously with restrictive trade agreements.

There is no indication, however, that evidence gathered by the Bureau of Corporations in its investigation of the Steel Corporation played any part in the indictments. Only two of the indicted associations contain subsidiary companies of the giant corporation—namely, the American Steel & Wire Company, and the Trenton Iron Company. The most prominent individual defendants and a full list of the association in which they are members, follows:

Individuals: Frank J. Gould, president of the Old Dominion Iron & Nail Works, Belle Isle, Richmond, Va.; Herbert L. Satterlee, president of the Habirshaw Wire Company, Yonkers, N. Y.; William P. Palmer, president of the American Steel & Wire Company, Waukegan, Ill., and Worcester, Mass.; Charles F. Brooker, vice president of the Ansonia Brass & Copper Co., Ansonia, Conn., and member from Connecticut of the Republican National Committee; Harry G. Stoddard, president of the Trenton Iron Co., Trenton, N. J.; Erskine Hewitt, vice president of the Trenton Iron Co.; Frank N. Phillips, president of the American Electrical Works, Phillipsdale, R. I.; Ferdinand W. Roebling, president of John A. Roebling's Sons Co., Trenton, and Roebling, N. J.; Philip H. W. Smith, second vice president of the Standard Underground Cable Co., Pittsburg, Pa., Parkland, Cal., and Perth Amboy, N. J.

Associations: The Horse Shoe Manufacturing Association, William P. Palmer, and others.

Bare Wire Copper Association, William P. Palmer, and others.

Weatherproof and Wire Magnet Association, William P. Palmer and others.

Lead Encased Rubber Cable Association, William P. Palmer and others.

Wire Rope Manufacturers' Association, Edwin E. Jackson, Jr., and others.

Fine Magnet Association, Ferdinand Roebling and others.

Underground Power Cable Association, Phillip H. W. Smith and others.

Telephone Cable Association, Frank N. Phillips and others.

Rubber Covered Wire Association, William P. Palmer and others.

The general charges in all the indicements are the same, allowing for the difference of the business in which the defendants were engaged. Thus one indictment reads:

"Because said corporations, at all such times, have been, and in fact, now are, separate and distinct from each other, their said interstate business * * * should have been * * * conducted by each strictly on a competitive basis and would be so conducted but for the unlawful conspiracy hereinafter mentioned."

It is set forth that the various associations organized under their association names and each elected a supervisor, and adopted rules and regulations. An arbitrary rating was determined, it is charged, by the ratio of output for an agreed time; each member was obligated to pay $5,000 or less into a fund called "the general deposit", and in case any member failed to abide by the regulations his deposit was forfeited.

Raw materials were bought, it is alleged in the indictment, at "arbitrary and non-competitive prices to be agreed upon by said defendants, being prices lower than those for which the respective corporations would be enabled to purchase said raw materials but for the unlawful conspiracy herein described."

Upon conviction each of the defendants is liable to not more than a year's imprisonment, or a fine of $5,000 or both.

In the indictments neither the Am-

(Continued on Page Eight.)

MISAPPROPRIATED THE FUNDS

Charge of House Committee Against State Department Officers—Unbusinesslike Methods Criticised — Make Report.

Washington, June 29.—The recommendation for the dismissal from the government service of American Consul General W. H. Michael, at Calcutta, former chief clerk of the State Department, and Thomas Morrison, present disbursing clerk, for their connection with the Day Portrait case, as announced yesterday, in which misappropriation of State Department funds is charged, was reported to the House Committee on Expenditures in the State Department today by the sub-committee which is conducting an investigation of the Department.

The sub-committee said it had not completed its labors, but reported in the case of Michael and Morrison, in the hope that their services would be dispensed with immediately.

The committee's recommendation is the result of the investigation into it of the alleged expenditure by the Department of $2,450 for a painting of former Secretary of State Day, of which amount the artist, Albert Rosenthal, said he received only $850, the remaining $1,600 being unaccounted for.

"The conclusion reached by the committee," the report says, "seems irresistible that this sum of $1,600 was jointly misappropriated by Michael and Morrison, or individually by Michael, either through the incompetence or the connivance of Morrison."

In regard to the voucher for $2,450 which, the State Department reported could not be found when the committee began its investigations but which later was discovered on the floor of the disbursing clerk's office, the report says:

"The circumstances under which this voucher was discovered, especially after the matter had been given so much publicity, are too simple for human credulity. The conduct of the officials of the State Department in trying to conceal and, in fact, in concealing for about ten days from the committee, the fact that said voucher had been found, does not comport with any honest effort on their part to have all the facts known and cannot, therefore be commended by your committee."

The late Secretary of State John Hay, is completely exonerated from any connection with the misappropriation. According to law the Secretary of State is not required to show the specific purpose for which money "for the purpose of intercourse or treaty with foreign nations" is issued.

But this authority, the report holds, does not give either the President or the Secretary of State "any power to pay for portraits of ex-secretaries of State, and said payment out of said fund, was, in the judgment of your committee, a misappropriation of said money."

The report, in summing up, says:

"The undisputed facts show that this sum of $1,600 was in the possession of Morrison as disbursing clerk, and Michael as chief clerk, and its disposition is unaccounted for, except by the letter of Michael to the State Department in 1906 that he turned the same over to Secretary Hay, who at the time of said letter was dead."

The full committee in adopting the report added two amendments. One condemned the practice of signing vouchers in blank "as not only unbusinesslike and inexcusable, but as a virtual invitation to wrong doing."

The other set forth that in view of the state of limitations and the difficulty of obtaining proof, the committee deemed it "unnecessary to make any suggestions or recommendations relative to criminal prosecution of either Michael or Morrison."

If any attempt is made by the State Department to make a "scapegoat" of Morrison by discharging him and leaving Michael unmolested, Representative Hamlin, chairman of the committee, declared today after the report had been acted on, he would report it to the House. He expressed the opinion that Michael is more culpable in the affair than Morrison.

NAMES PROF. CLAXTON.

President Taft Sends in Nomination as Commissioner of Education.

(Special Star Telegram.)

Washington, D. C., June 29.—President Taft sent to the Senate today the nomination of Prof. Philander P. Claxton to be commissioner of education to succeed Dr. Elmer Brown, resigned. Prof. Claxton is well known in North Carolina where for a number of years he was identified with educational works. He was editor of the North Carolina State Journal from 1897 to 1901, and later professor of education at the Greensboro Normal school. H. E. C. B.

DR. A. JACOBI CHOSEN.

President of American Medical Association—Atlantic City Next.

Los Angeles, June 29.—Dr. Abraham Jacobi, of New York, today was elected president of the American Medical Association; Dr. W. Jarvis Barlow, of Los Angeles, was chosen vice president; Dr. Alexander Craig, of Chicago, was elected secretary. Atlantic City was chosen for the 1912 convention.

Nimes, France, June 29.—For flying the Papal flag on the ocean of a Joan of Arc festival here the Bishop of Nimes today was fined one franc. A youth in the court room who carried "Long Live the Pope!" and "Long Live the King!" was sentenced to one day's imprisonment.

LAWYERS FAVORED RADICAL CHANGES

Carolina Bar Association Adopted Report of Law Reform Committee.

SESSIONS AT LAKE TOXAWAY

Would Increase Number of Judges, Abolish Present System of Rotation and Put Solicitors on Salary—Eventful Day.

(Special Star Telegram.)

Charlotte, N. C., June 29.—The North Carolina Bar Association in session at Lake Toxaway tonight adopted the report of its committee on law reform recommending that the number of judges be increased to 24; that the present system of rotation be abolished; that the solicitors be put on salary, and that the laws relating to jurors be amended. Bills designed to carry out these reforms will be introduced in the next Legislature.

A damper was thrown on the session today by the announcement that neither Third Assistant Postmaster General Britt, nor Representative Martin W. Littleton, of New York, could attend to deliver their addresses, which were the features of the programme.

A Lively Session.

Lake Toxaway, N. C., June 29,—The session of the North Carolina Bar Association was enlivened with a spirited discussion provoked by the report of the Committee on Law Reforms. This committee reported in favor of four radical changes and suggested the appointment of a committee whose duty would be to draft bills to be presented to the next Legislature.

The proposed change is the appointment of eight additional judges, the abolition of the present system of rotation of [illegible]perior judges, and the division of the State into three circuits of eight judicial districts each. The placing of solicitors on salaries and the revision of the laws in relation to the selection of jurors. The debate was extended and several speakers opposed the measures. After considerable discussion the association finally decided to vote on the report by sections. After another battle with amendments offered and much voting the association finally adopted the report of the committee as offered.

BANDITS HOLD UP TRAIN.

Safe Blown and Registered Mail Taken—Details.

Glendale, Ore., June 29.—Apparently mistaking the first section of northbound passenger train No. 16, on the Southern Pacific Railroad for a southbound train said to be carrying a shipment of $400,000 in gold dust from Seattle to San Francisco, two robbers held up the northbound train last night near West Fork, an isolated station in Cow Creek Canyon.

The robbers rifled the mail car blowing up the safe, and made away with the registered mail. They tried to secure entrance to the express car but were foiled by Messenger Robb, who refused to open the door despite threats that they would use dynamite if he resisted. The robbers after fruitlessly prying with a crow bar at the side door of the car, finally desisted and decamped with the loot secured from the mail car.

The amount taken by the robbers cannot be ascertained at this time. This train carries in its registered mail the cash from Southern Oregon postoffices to Eugene, Ore., which is their depository, and this was probably included in the mail stolen.

The robbers boarded the train at West Fork while the engine was taking water. Soon after it had got under way they crawled over the tender into the cab and directed the engineer to stop the train.

This done, one of the men kept the engineer and firemen under cover with his revolver while the other one went back and uncoupled the mail and baggage car. Then the engineer was ordered to pull these cars some distance up the track, where he was again ordered to stop. The robbers went back to the mail car and lining the mail clerks up, took the registered mail pouches and dynamited the mail car safe.

The noise of the explosion warned Messenger Robb of what was taking place and when the demand came for him to open his door he made no response.

The conductor of the train, as soon as he discovered what had taken place went back to West Fork where he notified Glendale and surrounding points. posses have been organized to pursue the robbers.

A Southern Pacific train was held up and robbed two weeks ago not far from the scene of last night's robbery.

DAVID C. JOHNSON DEAD.

Famous Turfman Died After Cancer Operation.

New York, June 29.—David C. Johnson, the turfman, died here tonight following an operation for cancer. Mr. Johnson had been ill for three weeks. Mr. Johnson was widely known as "Davy" Johnson, sportsman, racehorse devotee and winner and loser of several fortunes at the track. He achieved widest note perhaps, as the owner of Roseben, the famous racer which cost him $5,000 and won more than $100,000 in stakes and purses.

SPORTING NEWS

A.C.L. TEAM DOWNS VISITORS

Railroaders Defeat Warsaw Bunch 8 to 4—A Fast Game and Interest Waxed Warm—Many Features.

In a game that was marred at times by ragged playing, but so full of critical situations to make it interesting throughout, the strong Atlantic Coast Line team of the City League yesterday afternoon got the decision over the visiting nine from Warsaw to the tune of 8 to 4.

In spite of the threatening aspect of the weather the loyal fans fared forth in goodly numbers and each team was well represented among the rooting faction, the visitors being supported by a delegation from their home town, which came down on the Goldsboro excursion yesterday morning. Much good-natured banter was exchanged by the spectators and served to add spice to the afternoon's enjoyment.

In the line-up of the visitors were representatives from the University of North Carolina, Atlantic College of Wilson, Horner, at Oxford, Bingham and Trinity, while the local lads had former students of Carolina, Trinity, Bingham, Princeton, St. Mary's and other colleges on its roster, making probably the most formidable array of college talent ever seen on the local diamond.

Corbett was on the mound for the locals at the start and supported by the superb fielding of his teammates did not allow a visiting player to reach first base until Thompsons hit to right field and Sloan's beautiful bunt sent a man as far as the second sack. In the sixth and seventh Corbett weakened and four of the visitors crossed the rubber, aided by three free transportations, one man hit by the pitcher and an error. LeMoyne then took up the burden and succeeded in holding the visitors in check in a most brilliant manner.

The local team scored in the first inning, when Grainger, the first man up, was hit by the pitcher and traveled to first. Taylor bunted nicely toward second, sending Grainger along and beating the throw to first. On a quick throw to second Grainger was caught napping. Houston went out on a ground ball hit to second, advancing Taylor, whe immediately annexed third by a daring steal. Terry's two-base hit to center sent Taylor home and Starritt put an end to the festivities by striking out.

In the third the Railroaders added three more. Corbett drew a pass and Gus Wright, running for him, purloined second. Grainger whiffed vainly three times. Taylor singled to right, sending Gus to third, and took second himself on the throw to shut off Wright's attempt to score. Houston singled to center, scoring Wright and Taylor. He went to second on Tuttle's passed ball and gained third when Terry was put out on a ground ball to the initial sack. Starritt hit safe between third and short, scoring Houston. Calder was out on a ball to the infield.

In the sixth Warsaw came up with one. With two men down, Journey singled to left, stole second and scored when Grainger dropped Williams' high fly to center.

In their half the locals came back and added two more. Calder, after missing three, reached first on Tuttle's error. Emerson sacrificed, Calder stopping on third after some spectacular base running. Wright reached first when his ground hit was returned to the plate to catch Calder. In the mix-up the runner outgeneraled his opponents and won his way back to third, Wright, meanwhile, having advanced to second. Corbett bunted nicely, scoring Calder on the sacrifice, Wright going to third. Wright scored and Grainger went to second on Barden's miscue of his high one to right field. Taylor was a quick out, retiring the side.

In the seventh the visitors threatened disaster to the Railroaders. Thompson led off with a smashing two-bagger to left field. Sloan walked. Houston foozled on the throw to third off Bannerman's grounder and the bases were full. Corbett hit Barden, forcing home Thompson. Sloan purloined the rubber and received a well-merited vocal glad-hand from the stands. Tuttle whiffed and Perry fouled to Terry. Journey walked, congesting the circuit again, and when Williams also received transportation, Bannerman ambled home. LeMoyne replaced Corbett and promptly fanned Witherington, squelching the visitor's ambitions.

In their half the locals repeated, putting the game out of danger. Barden, who had relieved Sloan in this inning, hit Houston, who took second on Tuttle's passed ball. Terry was safe on a hot one to first, Houston going to third. Starritt hit to third and reached the bag while Journey was holding the ball, wondering what to do with it. The bases were full. Calder fanned. Houston scored and Emerson was safe at first when Witherington miscued the latter's grounder, and Terry and Wright duplicated the performance on the next error by the same man. LeMoyne and Grainger were quick out, ending the scoring for the afternoon.

Weekly Shoot Today.

This afternoon at the usual hour the Wilmington Gun Club will hold its weekly shoot at the club grounds. Another prize has been offered to the high man, and it is hoped that as many members as can will attend. The Munroe furniture establishment will present to the winner two handsome pictures. In addition to the shoot for the prize, the regular event will also be held. Members are notified to bring along enough shells to take care of both events.

YALE-HARVARD RACE AWAITED

Big Event on the Thames Today Marks End of Season for Inter-Collegiate Sports—Oarsmen Are Gathered.

New London, Conn., June 29.—The curtain in American inter-collegiate sports for 1910-11 falls tomorrow with the annual three-race regatta between Yale and Harvard on the Thames.

In the forenoon will come the races between the freshmen eight and 'Varsity fours, while the forty-fifth 'Varsity race fo reight-oared crews will start late in the afternoon.

Old oarsmen, followers of rowing, and thousands of enthusiasts made this old port a rowing mecca today. Betting was somewhat livelier than for several years with Harvard a ten-to-nine favorite for the 'Varsity; Yale a five-to-two shot on the freshmen and about even money on the four-oared race.

It was generally admitted tonight that had the big race been rowed two weeks ago, Harvard would have won easily. Yale came to New London dispirited. But the improvement of the crew has been marked and rapid, and some of the experts declared tonight that Yale had the fastest crew since one of its predecessors, 23 years ago, established the course record of 20 minutes and 10 seconds for the four miles.

The Harvard crew's practice here has not shown as marked development as Yale's.

Tomorrow's races will be between a coming light crew and a shell full of oarsmen who appeared to have reached their best development some days ago.

The question therefore, tomorrow, is whether Harvard has maintained her best, and if that best is superior to Yale's development.

The scene for the regatta was partly set today. The naval despatch boat Dolphin, four revenue cutters, and a squadron of steam yachts, sailing vessels and power boats arrived and took positions along the course. The Dolphin received Secretary of the Navy Meyer on board with 19 guns.

Directly opposite Red Top the old-timers gathered this afternoon to see the supplemtnary races between minor crews and the graduate eights.

In the preliminary races this evening there was an even break, Yale winning the freshman four and Harvard the gentlemen's eight.

During the afternoon also Captain Frost, of Yale, and Captain Cutler, of Harvard, tossed for positions for the races and the Crimson won every time the coin was flipped.

ATHLETES AT PITTSBURG.

Gather From All Parts of Country for Big Athletic Meet.

Pittsburg, June 29.—A stream of athletes from all parts of the United States poured into this city today and tonight. Before noon tomorrow 500 men, the cream of America's athletic talent, will have assembled at Forbes field to participate during the afternoon and Saturday in the National Amateur Athletic Union, junior and senior championship games.

Of the 500 entrants 300 are titleholders. Every man is expected to put forth the best that is in him as from the winners will be selected the American representatives to the Olympic games to be held next year at Stockholm, Sweden. Thirty-two cities, extending from Maine to California, and embracing 37 of the well known athletic clubs of the country, have entered their best talent.

Everett C. Brown, of Chicago, president of the Amateur Athletic Union, will referee the games. It is expected that upwards of 50,000 spectators will witness the games during the two days.

Among the cities competing are St. Louis, Seattle, Boston, New York, Baltimore, Philadelphia, San Francisco, New Orleans, Brooklyn, Cleveland, Cincinnati, Chicago, Washington, D. C., Detroit, Pittsburg and others.

—Friends of Col. John Van B. Metts, of the North Carolina National Guard, will be interested to learn that he is back in the city after attending the army maneuvers on the Texas border. Col. Metts was assigned to the 17th United States Infantry and spent about three weeks in the camp. He reports a most enjoyable and instructive time.

FOUND — At Lumina Wednesday night, lady's sterling silver belt buckle. Owner can get same by describing it at Star office and paying for advertisement.

Tigers Defeat Cubs.

At the gymnasium of the Y. M. C. A. last night the Tigers and the Cubs played an interesting game of indoor baseball. The contest was very fast and at the close the score was 11 to 7 in favor of the Tigers. The batteries for the Tigers were Cleaper and Smith and for the Cubs, LeMoyne and Kelly.

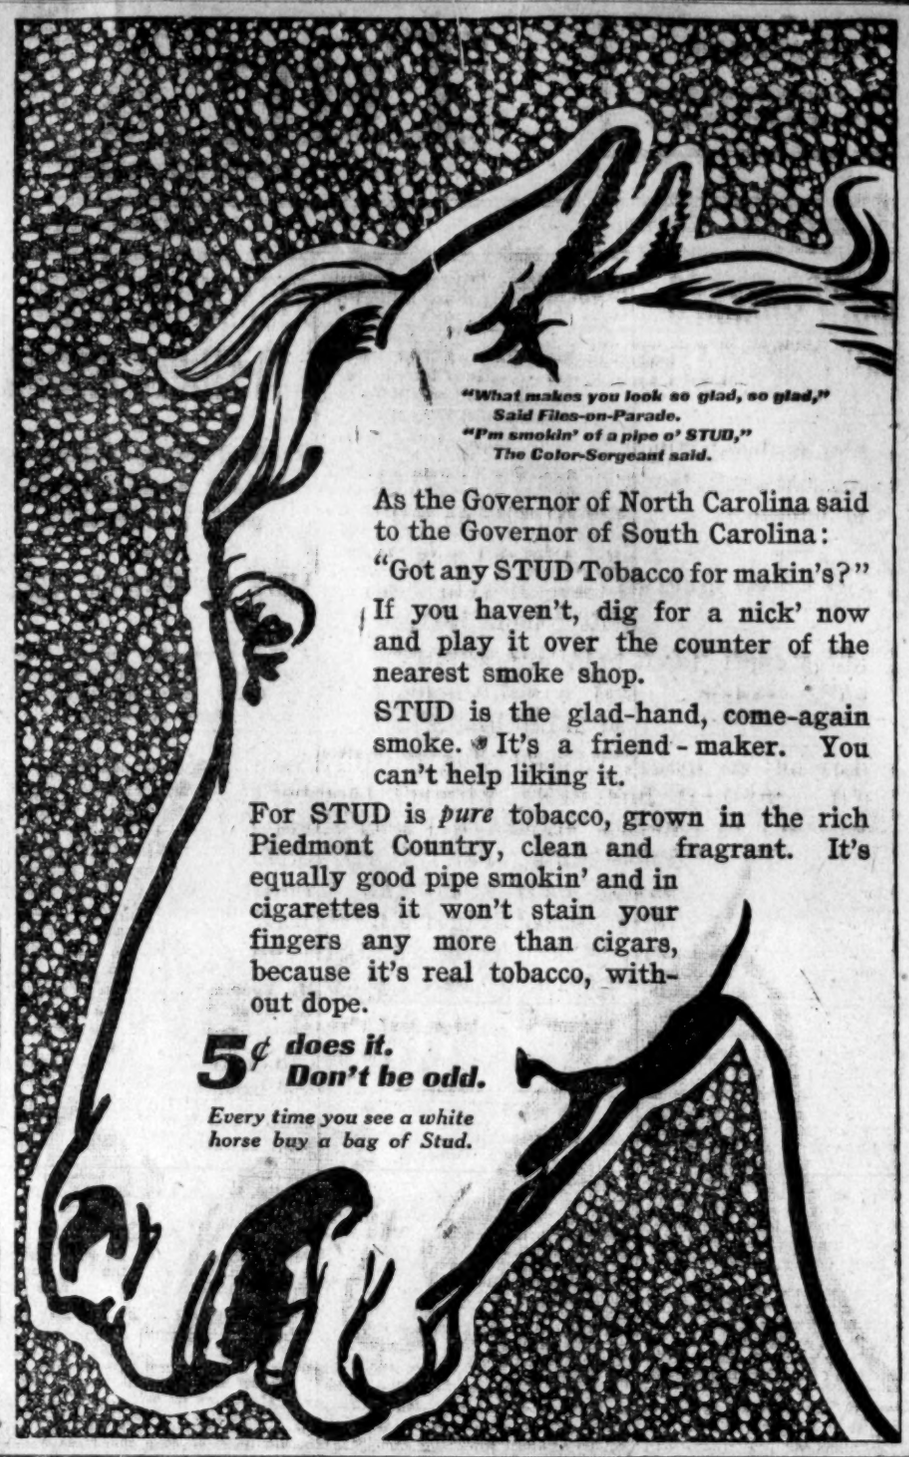
LANGFORD WINS FIGHT.

Knocked Out Jack Fitzgerald at New York Last Night.

New York, June 29.—Sam Langford, the Boston negro heavyweight, knocked out Jack Fitzgerald, a Philadelphia "White hope" in the fifth round of a scheduled ten-round bout at the National Sporting Club here tonight.

After the first round it became a question of how long Fitzgerald would last. Langford merely toyed with his adversary until the fifth round, when a right swing put Fitzgerald down for the count of nine and on arising a left hook to the jaw knocked him out.

Nauheim, Germany, June 29.—General Porfirio Diaz arrived here today. He was accompanied by his family and will take the cure at this place.



"What makes you look so glad, so glad,"
Said Files-on-Parade.
"I'm smokin' of a pipe o' STUD,"
The Color-Sergeant said.

As the Governor of North Carolina said to the Governor of South Carolina:

"Got any STUD Tobacco for makin's?"

If you haven't, dig for a nick' now and play it over the counter of the nearest smoke shop.

STUD is the glad-hand, come-again smoke. It's a friend-maker. You can't help liking it.

For STUD is *pure* tobacco, grown in the rich Piedmont Country, clean and fragrant. It's equally good pipe smokin' and in cigarettes it won't stain your fingers any more than cigars, because it's real tobacco, without dope.

5¢ does it. Don't be odd.

Every time you see a white horse buy a bag of Stud.

PLAN TO DRAIN WHITE MARSH

Government Expert Declares the Project Practicable—Senator Simmons and O. L. Clark Interested—Other News.

Whiteville, N. C., June 29.—Mr. O. L. Clark, of Clarkton, was in Whiteville yesterday. In a conversation with the Star's correspondent he said he had secured, through Senator Simmons, the services of a government expert to investigate the matter of draining White Marsh and its tributaries. This official completed his work last week, and reports that the project is altogether practicable and feasible. Senator Simmons thinks he will be able to secure the aid of a government engineer to assist in making a survey for this drainage district, and which will be a great saving to the landowners. Our people certainly appreciate this good work on the part of Senator Simmons, and we hope he will aid us in having other drainage districts mapped out. Mr. Clark, in reply to an inquiry, stated that, of course, the promoters of this great work mean business; that they have made a $1,500 bond to insure preliminary work, and are in earnest about having that now worthless body of land drained and brought into cultivation.

The Waccamaw Shingle Co., that has been operating a large shingle mill about two miles from Whiteville, is now tearing up the plant and will move the same to Bolivia, in Town Creek township, Brunswick county. They have cut up all the timber around the old location. The company, of which Mr. O. L. Clark is a large stockholder, has purchased 20,000,000 feet of cypress timber on line of the new railroad building into Southport. The mill can run at full capacity for several years. This mill has a capacity of 60,000 shingles a day, for which they receive from $4.50 to $10 per thousand. Mr. Clark says he was last week over the new railway building into Southport. It is certainly an important enterprise, and will do much to develop Brunswick county. It will open up vast bodies of fine timber land, besides a splendid truck growing and agricultural country. Trains will be running into Southport in a few days.

Mr. Clark says if Col. Mills' road is extended from Hope Mills to Southport it must pass directly through Clarkton, as that is the most direct route, as the crow flies.

Mr. Josiah Maultsby, assistant cashier of the Bank of Whiteville, has returned from Lake Toxaway.

Mrs. Kate Nye, of Whiteville, Bladen county, and four children, will leave on the 17th of July for San Francisco, Cal., where they will make their future home with Mrs. Nye's brother, Mr. Lawrence Gilliam.

The gladsome news has been received in Whiteville that Solicitor Sinclair, of Fayetteville, is rapidly recovering from his sudden and serious illness.

Rev. Roy Newland and bride, of Chadbourn, left last week for their new home in Korea, where they will both be missionaries from the Presbyterian church. Mr. Newland filled the pulpit of the church here during one vacation and his hundreds of friends wish both him and his wife every good fortune in their new home.

Mrs. Chas. Singletary was in Whiteville this week, the guest of Mrs. John Carver. Mrs. Singletary is at present living in Charlotte, and her many Whiteville friends were delighted to see her.

Mr. A. F. Powell and Miss Lucy Powell spent several days in Lumberton this week with Mrs. T. C. Johnson, who was quite ill for several days. Her many friends are delighted to know that she is better.

Miss Annie Reade Lewis left on Thursday for the Highsmith Hospital in Fayetteville, where she will be operated upon for appendicitis. Miss Lewis is the bright young daughter of Col. D. J. Lewis, of the Whiteville bar.

Messrs. James and Lawrence Gilliam, who have been visiting their old home and relatives, have returned to their respective homes. Mr. James Gilliam to Egypt, and Mr. Lawrence Gilliam to San Francisco, Cal. Both of these gentlemen are prominently connected with the American Tobacco Co., and are brothers of Mrs. K. B. Council, of Wananish.

GOVERNMENT TO BUY LANDS

Mineral Lands In Appalachian Reserve to Be Bought Outright.

Washington, June 29. — Mineral lands in the Appalachian forest reserve must be purchased outright by the government, in the opinion of Attorney General Wickersham, who holds that the purchase of such lands cannot be made with a reservation to the original grantees to mineral rights. This will preclude the purchase of land and timber only on mineral lands needed for the Appalachian reserve and will interfere to some extent especially in the South, with the commission's plans in expending the $11,000,000 appropriation.

The National Forest Reservation Commission has authorized the purchase of 31,000 acres of land in Northwestern Georgia. The tract lies in Fannin, Union, Lumpkin and Gilmer counties and is on the watershed of the Toccon river, a tributary of the Tennessee river. The land is in the heart of the Southern Appalachian mountains. The commission is considering the purchase of many other tracts in both the Northern and Southern Appalachians.

Lynchburg, Va., June 29.—Mrs. Fannie Troy, wife of T. O. Troy, president and builder of the Virginia Air Line Railway, is dead at her home at Amherst Court House. She had been ill a long while of paralysis.

A Dreadful Wound

MONROE COURT SQUABBLE.

Stranger Distributing Advertising Without License Hailed to Court.

(Special Star Correspondence.)

Monroe, N. C., June 29.—In the Recorder's Court here last Tuesday afternoon, the trial of S. C. Hayes, white, for acting as advertising agent without payment of license tax, brought out the fact that the Standard Oil Compnay, the American Tobacco Co., and others, are not the only monopolies in restraint of trade. And in this case against S. C. Hayes the Recorder rejected the "lamp of reason" rule by holding in effect that any trust is a bad trust, and that any restraint of trade is an unreasonable restraint of trade. J. A. Kidd, the licensed billposter and advertising agent of Monroe had a warrant issued for the defendant for acting as advertising agent without payment of license tax required by Section 22 of the Special Revenue Ordinance of the city of Monroe.

When the case came up for trial on the warrant the following state of facts was shown to exist. The ordinance requires a license tax of $15 per year on every person engaging in the business of bill posting or of acting as advertising agent, except such residents of the city of Monroe as advertise their own goods. The local bill poster and advertising agent is the only man in town who has paid the bill poster's license tax. Consequently all outsiders who wish to advertise by posting bills or distributing circulars or samples have their choice either to pay the $15 tax or to make a trade with Kidd by which they act as his agents, and, for a consideration, obtain the supposed protection of his license. Last Tuesday, however, S. C. Hayes, a dauntless young advertising agent, who evidently believed in the maxim of our forefathers and was willing to pay "millions for defense but not one cent for tribute," turned down Mr. Kidd's offer to give him the protection of his license for $2, and boldly distributed samples of medicine, with literature pointing out the merits of the remedies. Kidd swore out a warrant and the case came up for trial. After hearing the vidence the Recorder reprimanded and discharged the defndant.

The facts in the above case have excited a good deal of comment among the citizens of the town, and it is quite probable that the board of Aldermen will so amend the ordinance as to break up the advertising agent graft.

BASEBALL AT CLARKTON.

Local Team Won by Score of to 5—Other Items.

(Special Star Correspondence.)

Elizabethtown, N. C., June 27.—The baseball season was opened here today in a closely contested game played between Clarkton and the local team on the new park diamond. The game was witnessed by a large crowd of those who admire real baseball. It was 4:20 when Umpire W. E. Hall called play ball, with Clarkton at the bat. It being a pitcher's battel for the first few inpings, when the home team took the lead of three runs, due to a three base hit by Ed. White, and a two bagger by Preacher Keolling.

Clarence Clark, the speedy twirler, for the visiting team, proceeded to put a stop to the scoring and in the last of the eighth inning the score was 5 to 5. The home team scored one run in the ninth when the game was declared over and won by the home team, whereupon both teams, dissatisfied with some decisions of the umpire, proceeded to stand him on his head in the sand. The time of the game was two hours and twenty minutes, and varied from real professional ball to a comedy of errors. The features of the game was a catch by third baseman for Clarkton, and Newton, center fielder for the home team. The next game will be on the Clarkton grounds.

J. B. Clark, Esq., has moved into his beautiful new home recently completed.——Mrs. Sheriff Clark and children left this morning to visit her friend and school mate, Mrs. Ruth Armfield, of Monroe, N. C.——Mrs. W. J. Davis, of Florida, is visiting her sister-in-law, Mrs. W. E. Hall.——Dr. O. A. Gatlin, of the firm of Elizabeth Drug Co, has bought the drugs and moved to Vanceboro, N. C. Miss Anna G. Sith will continue to run the up-to-date soda fountain and confectionery store where the drug store was.——Miss King, of Durham, is visiting her sister, Mrs. H. H. Barndill.

Sheriff J. M. Clark, who has been working hard to round-up some blind tigers causing some trouble for the past few weeks, rounded up one gentleman of the colored race, who was tried today. The evidence was not sufficient to hold him for retailing but he has him for gambling, and he will have to refrain from dispensing the vile stuff until October court unless he can give a two hundred dollar bond.

A MOTHER'S DUTY

It is the duty of every expectant mother to prepare her system for the coming of her little one; to avoid as far as possible the suffering of such occasions, and endeavor to pass through the crisis with her health and strength unimpaired. This she may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for exernal application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and a benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

DROWNS IN STRANGE COMPANY.

Went Boating With Two Women in Early Morning.

Richmond, Va., June 28.—James Fordham, a tinning contractor, was drowned early this morning while he was out boating, the police say, with two women.

The first news of the drowning came to the First Police Station this afternoon, when a man, who refused to give his name, telephoned that a man had been drowned in the dock near 28th street, and asked that the police get the body.

Patrolman Bryant was sent out to investigate. He found that the body had been recovered and taken to an undertaking establishment. According to information obtained by the policeman, Fordham went out with two women in a gasoline launch. They evidently intended to go bathing, for when the body was found it was clad in a blue bathing suit.

It is supposed that Fordham, while enjoying a swim, was seized with a cramp and that the two women in the launch were unable to save him. They disappeared and their identity has not been established. The accident is said to have occurred about 4:30 o'clock. Fordham was married and had children.

BEATEN AND PLACED ON TRACK.

Pole's Murder Plot Frustrated by Engine Crew.

Wilmington, Del., June 28.—Stanley Maslauski, a Pole, aged 18 years, was beaten into unconsciousness early this morning and his body then thrown on the tracks of the Philadelphia & Reading Railway. The purpose of his assailants, apparently, was to have him killed by a train. The crew of a shifting engine, however, discovered the helpless man when the locomotive was about to run over him. He was removed to his home and did not recover consciousness for several hours. He will probably die.

This afternoon Michael Czinski, aged 30 years, another Pole, was arrested on a charge of being Maslanski's assailant. He refused to make a statement. It is said the men, who came from the same part of Poland, quarreled. Maslauski has a fractured jaw, a broken rib, a badly injured head and is hurt internally. Czinski will be held without bail.

The Southern National Bank

VALUABLE CITY PROPERTY FOR SALE

In pursuance of a judgment of the Superior Court of New Hanover County, rendered on the 6th day of June, in the year 1911, in an action wherein Alice N. Johnson is plaintiff and Mildred A. Robinson and others are defendants, the undersigned Commissioner will sell at public auction on Monday, the 17th day of July, 1911, at 12 o'clock, noon, at the Court House door, in the City of Wilmington, N. C., that valuable lot of land situated in the said city of Wilmington, described as follows:

Beginning at a point in the present northern line of Chestnut street, the southeastern corner of the Manger Loudon lot, and running thence with his line northwardly, and parallel with Fourth street 185 feet, more or less, to a brick wall; thence eastwardly along said brick wall 63 feet, more or less, to the northwestern corner of a brick stable building; thence southwardly and parallel with Fourth street, 85 feet; thence southeastwardly 6 feet; thence southwardly parallel with Fourth street 100 feet, to the centre of a brick pillar in the northern line of Chestnut street; thence westwardly along the present northern line of Chestnut street 66 feet, to the beginning; the same being a part of lots 4, 5 and 6, in Block No. 193, according to the present plan of the City of Wilmington, N. C.

Terms of Sale—One-third cash, upon confirmation; one-third in one year; one-third in two years; interest on deferred payments at 6 per cent. per annum, payments secured by mortgage.

WILLIAM L. SMITH,
Commissioner.

J. F. LEITNER
ARCHITECT
27-28-29 Garrell Building.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies *are* needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature R. V. Pierce M.D.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine OF KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

The Little Things for Summer Dress

can be found at Gaylord's store. We are showing a nice line of Ladies' Dutch Collars for 10c, and a better line for 25c. A big line of Silk Scarfs for evening wear—they represent all colors and beautiful patterns. All one size and ranging in price from 50c to $1.50, strictly new goods.

Hair and Sash Ribbons—We are showing a nice selection of hair ribbons in both plain and fancy patterns, we are offering the best assortment for 10c a yard that was ever shown in the city. Our 20c ribbons are beautiful and in all the latest Dresden patterns. The heavy stiff ribbon for the hair for 25c is the same that we have always sold for 35c.

The nice things that we are showing in Ladies' Hats are Milans, Chip Leghorns, Panamas and Neopolitans and duck hats. Our assortment is great and prices less than half what they were the first of the season. We are showing chip hats that were sold for $1.50 in pretty new styles at 69c and $2.50 Neopolitans for $1.15. White Milan Straws with black edges make a splendid outing hat, sold for $2.25, we are now running for 98c. These are all new goods and up-to-date at less than half price. We have a plenty of good hats that sell for 25c a piece. In Flowers we are making a special effort to sell flowers, we have an immense stock on hand and have decreased the price almost two-thirds, are selling 25c bunches at 10c a bunch. We trim all hats free of charge when the hat and material is bought from us.

Muslin Underwear—We are showing a specially good line of children's drawers for 10c a pair. Ladies' nightrobes, high or low neck, long and short sleeved nightrobes for 50c each, a better quality for 75c and 98c and up. We have a specially good line of underwear which we are selling all at reduced prices.

A Beautiful Line of Black Voile Skirts—made by the Quiterite people. Styles are right and fit perfect. Prices cheap from $3.50 to $9.50 each.

Wash Dresses for Children—We are showing splendid goods in this line, prices from 50c each up. We are selling the dresses complete for less than you can have them made. The white dresses for $1.25 $2.00 and up are beautiful and will be sure to please you if you will give them a look.

In the Dress Goods Department we have received this week a new brand of Japanese Silks, called the Togo silk, that we are selling at special price of 25c a yard, in all good colors. We have a big line of linen finished crash for suiting for ladies. It makes nice skirts and nice suits and we are selling for 10c per yard. A full line of colors including cream in Poplar cloth at 25c per yard and the best dress goods ever sold for the price.

A full stock of McCall Patterns at 10c and 15c, pattern sheets sent by mail for the asking.

Mosquito Canopies all styles.

9x12 Matting Rugs for $3.50. Hammocks, canvas and knit and swinging hammocks and bed hammocks. Everything in hammocks at a very low price, 98c to $9.00 each.

Table Linen—We are showing a splendid line of white table linen bought at a price less than first cost. A 50c linen we are selling at 33c per yard, special.

A nice line of Ladies' Silk Hosiery, beautiful new goods at 50c per pair. Men's Silk Hose at 25c per pair. A 25c tan hose made of lisle gause for 15c a pair for ladies.

Gaylord's store is full of bargains. We give premiums with all purchases. We do a big business and we want your business and will save you money on every purchase.

The Big Store
212-214 N. Front St.,
Geo. O. Gaylord, Prop.

TEXACO ROOFING

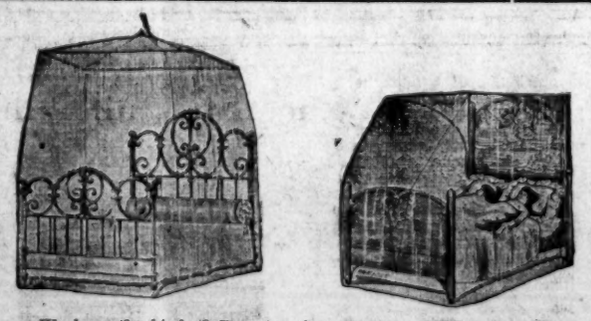
is made of solid, extra heavy, first quality, wool felt, thoroughly saturated with Texaco Bitumen, over 99 per cent pure, and afterward finished with an extra heavy coating of the same material.

TEXACO BITUMEN—over 99 per cent pure — possesses great fire-resisting properties, is not oxidized by the action of the elements, is impervious to the action of acids, fumes and gases, is not injured by the extremes of heat and cold, and remains adhesive and pliable.

The weakest point of ready roofing is at the lap, due to the disintegration and hardening of the cement used, but Texaco Roofing Cement, made of bitumen over 99 per cent pure, insures a permanent waterproof lap.

The principal merits of TEXACO ROOFING are:
ECONOMY of first cost and application.
SIMPLICITY and ease of application.
PERFECTION of weather and water-resisting qualities.
MAXIMUM of strength and durability.
FIRE-RESISTING.
PLIABILITY and immunity from injury by extremes of temperature; and, last but not least,
A PERMANENT LAP, by use of Texaco Roofing Cement, which gives security, strength and waterproofing at the weakest point of a roof.

CAPE FEAR OIL CO.
'Phone 873, Wilmington, N. C.



We have the kind of Canopies that attach to either wood or iron beds, or swing from the ceiling, complete with a net that stops Mr. Mosquito and turns him away hungry and disappointed. We also have a net that turns sand flies away.

See our Hammocks, Hammock Beds, Porch Swings and Settees. Bargains in Porch Screens.

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Friday, June 30, 1911.

Very few complaint are remedied by kicking. Timely assistance beats kicking.

"Be careful in picking your friends," advises a moralist. At the same time be careful not to pluck them.

When we come to think of it, the girl scouts of America might lose the trail by stopping at an ice cream parlor.

Baltimore is the greatest city in the United States—for holding the National Democratic convention next year.

If people abroad were to find out the real truth about the opportunities and possibilities in all lines of endeavor here, we don't see how they could be kept away.

Differences of opinion are not worth falling out over. Tolerance of opinion indicates broadness, but for people with different political views to become personal enemies on that account is an absurdity.

Says the Greensboro News: "A man should have horse sense in order to be able to deliver the goods." He should also have the kind of horse sense that will keep him from kicking against the inevitable.

Of course, we don't like the idea but it looks as if a man is not going to be in it if he does not only deny vehemently that he is a reactionary but can prove conclusively that he is not a conservative but the whole thing.

This quotation from Stevenson will apply to a great many cases: "To dwell happily together they should be versed in the niceties of the heart, and born with a faculty of willing compromise." No use to call names.

Army life seems to be growing less popular, if we may judge from the fact that the War Department is now glad to get officers from among graduates of the colleges and universities who pass the army examination. Heretofore, except in time of war, none but a West Point graduate would be considered.

Gobbling up a whole country's resources will have to be done in a different way from that in which it has been going on. The people don't care whether a man is a millionaire manipulator, or a pesky pauper, just so he refrains from helping himself to those portions of the earth to which he takes a fancy.

It is said a man can buy a Sunday suit of clothes for 25 cents in the Fiji Islands, but, of course, while our standard of living is beyond that it must be admitted that the weather is now suitable for a Fiji suit. If a man didn't have on any more than a Fiji Islander wears he wouldn't even be allowed to take a surf bath in it.

Wilmington's seaside resorts are her great Summer asset. Do our business men begin to appreciate the immense importance of their resorts to the life and business of the city? If they did they would organize some amusement companies and add yearly to the attractions of the beaches as an investment for the good of Wilmington.

The Charleston News and Courier is agitating better paving for the streets of Charleston. The demand is for wood blocks following an investigation of methods and materials by Secretary McKeand, of the Charleston Chamber of Commerce. Mr. McKeand says the larger cities are using pine blocks because they are noiseless, dustless and practically indestructible.

SANITATION IS PARAMOUNT.

Thorough sanitation is of such signal consequence as to demand that it be taught in the schools and home circles of this country. The principles, the methods and the conomics of sanitation should be early impressed upon every human being, for next to living itself it comes nearer to every individual than anything else in our existence here on earth.

Sanitation, has been resolved into a system and cleanliness and the means of keeping the home, the premises, the nighborhood and the country in a healthful state, should be one of the first things to be impressed upon the young who are to be the future men and women of the country.

Sanitary precautions and systematic methods of sanitation are cheap compared to the immense drain upon a country's resources by sickness which causes the breadwinners and the producers to be idle, and by death which is expressive besides being heartbreaking. Sickness, disease and death make terrific inroads upon the human assets of the country and take apalling tolls from individual and community resources. They are woefully expensive, and it is both for the sake of happiness and for the purpose of economy, that human beings ought to be taught to practice the most rigid methods of sanitation. It may cost something but it is less costly than the sorrow and the drain upon the country.

Public and private sanitation is so important that any neglect in that direction is actually criminal. What can be said of a city, and even of a town, which stands back on the expense involved in equipping themselves with good water and adequate sewerage systems? The public and individuals as well are often directly culpable for many a death and a great amount of sickness that could be prevented by not standing back for expenses. For that reason we never consider any needful sanitation regulations too severe to be put upon any people who will not otherwise have some regard for their own health as well as that of a community.

Everybody ought to know that it is economy in tears and money to prevent sickness and death, and that is the way in which it should be regarded in households and cities. At a recent public gathering at Birmingham, England, it was shown that sanitary plumbing alone has reduced the death rate in that city from 26 per thousand in 1851 to 12 1-2 in 1910, while besides the great saving of human life there was an immense saving in sickness and expenses, necessarily incurred by actual money outlay and unemployment of the victims and members of their families.

At the Birmingha mmeeting the fact was established that typhoid fever has been reduced almost to the vanishing point, and deaths from tuberculosis have uniformly decreased by better housing and sanitary conditions. It was agreed that anything that plumbing could do to reduce dampness in houses should by all means be done in order to reduce still more the deaths from typhoid and tae white pleague.

The citizens in Wilmington should endorse every approved method of sanitation and stand back of the City Council in its efforts in behalf of a healthier Wilmington.

FIRST LAND SHOW IN NEW YORK.

A land show is something new under the sun, but New York is to have her first affair of that kind next November, 3 to 12, and annually thereafter, according to the promoters of the undertaking.

The land show, which really will be an exposition of agricultural products and a demonstration of the possibilities of this country will be held in the Singer building. It will be held under the auspices of the American Land and Irrigation Exposition, a corporation which has been chartered and is financed by a company with resources of more than $2,000,000. It is announced that leading railroads of America, progressive States, and commercial organization have endorsed and will co-operate with the exposition, assuring its success.

The exposition will have for its president, Arthur E. Stilwell, of the Kansas City, Mexico & Orient Railway, who is developing large tracts of land and important irrigation works in several States. Gilbert McClurg, who is vice president and general manager, has been prominently identified with Chambers of Commerce, business men's associations, and farmers' and national irrigation congresses. The governing and advisory board consists of prominent railroad presidents, Governors of States, Senators, Congressmen, bankers and business men from all over the North, South and West.

It is announced that "the purpose of this exposition is to exhibit the products of American soil, to give the people of the farm and country, as plete as town and city dwellers, a complete demonstration, with authoritative and graphic information regarding land opportunities in America, and to depict the progress of American agriculture from prehistoric times of the Pueblo and cliff dwellers to the present day methods of scientific soil cultivation." There will be exhibits and illustrated lectures, and over $11,000 in agricultural prizes will be awarded. The music for the exposition will cost $41,000 so that it will be a mammoth entertainment as well as a utilitarian project.

The management of the exposition is making extensive preparations at this time, and is regularly issuing official bulletins concerning the enterprise. In a late bulletin it is announced that Luther Burbank, the "wizard of agriculture," will make his wonderful California exhibit in New York for the first time. In this exhibit will be seen the Burbank "pomato", a cross between the potato and the tomato, his white blackberries, spineless cactus, and a new variety of berries, the flavor of which is claimed to surpass that of the strawberry.

Of course, that strawberry claim will be received with credulity in North Carolina, and it is a pity that the exposition will not be held in April when the North Carolina berry growers could go up against Burbank with some of the nectar products of the region round about Wilmington. Why don't they hold that exposition both in November and April, or else confine it to April? We would suggest a change in date so the early products of the Wilmington country can be the whole show.

By the way, we might have a Spring show of our own at Wilmington.

VOTERS ARE CAUTIOUS.

"Let Trenton try it first." Trenton will. That is Trenton, N. J., which recently voted to adopt the commission plan of government, while on Tuesday New Brunswick and Hoboken overwhelmingly voted down the proposition. The voters of those cities claimed that they wanted to see how it would come out in Trenton before they were willing to try it.

It was urged by the opposition that the election was called before the voters could have time to study the commission plan. Of course, people have to be educated up to any new idea, and for that reason The Star has often contended that springing a new political discovery in a party platform during a short campaign, does not give sufficient time to get it in the noggin of the average man.

Without regard to whether Hoboken or New Brunswick were right in rejecting commission government, we think it is a good sign when voters stand pat unless they know what they are doing. Revolutionary ideas generally require thoughtful and earnest consideration.

CURRENT COMMENT.

The decision of the Inter-State Commerce Commission that express companies transporting liquors into "dry" States have no right to discriminate against stone jugs will me rapturously applauded by sufferers who are compelled to buy "original packages."—Charlotte Chronicle.

Senator Simmons, of North Carolina, has a proposition to levy an annual tax of $10 upon every automobile that does an inter-State business. He thinks it would yield $1,000,000 a year. We are for the tax—until we own an inter-State automobile.—Petersburg Index-Appeal.

The cotton producers enjoy a freedom from outside domination now that they did not know for nearly forty years after the close of the War Between the Sections. Primarily it is due to the limited supply of cotton, but it is also due to their acting together in refusing to sell cotton—a cooperation which has aided the cotton mills, oil mills, and warehouses built in the South in the main by Southern money and enterprise.—Columbia State.

It is proposed by Col. Goethals that the government take the whole canal tract by the right of eminent domain. If this were done there would be no question of our right to control every movement made in this important territory and we could not become involved in any dispute with foreign owners of the soil. The chief engineer's proposal is a sound business proposition, is timely, and is a corrollary to our owning the canal itself.—Boston Globe.

A campaign was begun in Lynchburg this week to raise funds for the erection of a monument to the memory of John Warwick Daniel. The movement is one which commends itself to every Virginian. Senator Daniel, as soldier, lawyer, writer and Senator of the United States, honored the people whom he represented and who delighted to honor him. It is well that a monument to his memory is to stand upon one of the eternal hills of the city in which he died.—Petersburg Index-Appeal.

When LaFollette entered the United State Senate, he made a speech soon after taking his eat, whereupon the dignified Senators left the chamber as a sign of dissatisfaction over a new Senator having the presumption to make a speech until he became "seasoned," so to say. Noting this, LaFollette said the time would come when some of these very Senators would leave their seats permanently. And they have. Out of the ninety Senators at that time, thirty-five have been relegated to private life, among them men who considered themselves "Big Ikes." From which it is seen that even highly honored men get 'too big for their breeches."—Greensboro Record.

"The mills of the gods grind slowly, but they grind exceedingly small." It has taken some time to do it, but Gifford Pinchot, Overton W. Price, and Louis R. Glavis are vindicated by the same department that discredited them. It is extremely probable that the Guggenheims, who control the so-called Cunningham coal entries in Alaska, will take the fight to the Supreme Court in an effort to have the decision of the Interior Department reversed, but there is little chance for their success. The only ground for appeals lies in legal error, for the court will not review questions of fact. New laws may give new opportunities, but even that hope is tenuous, since the present attitude of the Congress is toward regard for the public rather than disregard. It seemed probable to those who knew the calibre of Mr. Fisher and his traditions that the public would have no cause to regret the departure of Ballinger, notwithstanding the fatuous and fulsome, cloying nauseousness of Taft's letter accepting the resignation of that "victim of conspiracy."—Norfolk Landmark.

CUMMINS RENEWS ATTACK.

Continues to Express Opposition to Reciprocity in the Senate.

Washington, June 29.— Senator Cummins, of Iowa, continued his argument against the Canadian reciprocity bill in the Senate today, but did not conclude. He attacked the measure from the standpoint not only of its alleged injustice and political inexpediency, but on the ground that it was not properly drawn as a tariff law.

If passed in its present form, Senator Cummins declared, the agreement would give Canada the option of recognizing one-half of it, without accepting it at all. This statement drew attention of the Senate, many Senators questioning the interpretation thus put upon the bill as sent to Congress by the President.

Senator Cummins declared the passage of the bill would be followed by a storm of disapproval against which the Republican party could not stand. He said it would be accepted by the agricultural interests as notice that Congress had determined that they were not entitled to the same consideration at its hands that is given to the ...s of the land.

AFTER HARVESTER COMPANY

Prosecution Urged in House Resolution — Prices Excessive.

Washington, June 29.—An investigation to determine where the International Harvester Company has violated anti-trust, inter-State commerce or National Banking Association laws and "whether it has entered into relations in violation of law with other persons, firms or corporations" is proposed in a resolution introduced today by Representative Lobeck, of Nebraska.

Mr. Lobeck said he had received numerous complaints from constituents who were of the opinion that the high prices of farm implements was due to the fact that the International Harvester Company had practical control of the market. He declared he had not been led to introduce his resolution because of the recent testimony of Clarence S. Funk, general manager of the corporation before the Senate committee of inquiry about the alleged "slush fund" to elect Lorimer.

STEEL TRUST TO EVADE TRIAL.

Commerce and Labor Report Will Not Necessitate Legal Action.

Washington, June 29.—It can be stated on the best of authority that the government does not contemplate any legal action against the United States Steel Corporation because of the findings in the long-delayed report made by the Department of Commerce and Labor.

This report will be made public probably on Saturday. It is now hedged about with careful precautions against its information reaching speculators ahead of time. If any prosecutions result, it is believed that they will be against same subsidiaries of the Steel Trust and not against the holding company.

This is the opinion of a lawyer who has had an opportunity to read the document. Because he did not peruse it to the end with care he makes the possible reservation as to the subsidiaries.

NAVAL MILITIA WARFARE.

Summer Cruises for Different States Are Announced.

Washington, June 29.—The naval militia will be given comparative lessons in the art of warfare this Summer for in addition to evolutions on the Atlantic Coast, the exercises will be extended to the Great Lakes and the Pacific coast. The California militia will receive instructions on the cruiser Marblehead from July 1st to 16th, while the militia of Washington will cruise on the Cheyenne July 2nd to 11th.

Portions of the militia of New York Pennsylvania, Ohio, Michigan, Illinois, and Minnesota, will participate in the exercises on the Great Lakes. The dates have not yet been determined. The Louisiana militia will cruise about the end of July, while the North Carolina militia will begin its exercises on July 19th.

MAY SELL WIFE'S APPENDIX.

Former Wheat Pit King Complains of Divorce Suit Costs.

Seattle, Wash., June 28.—All fixed up like a cowboy, Sydney Love, erstwhile king of the Chicago wheat pit and just now industriously seeking a divorce from his beautiful wife, Marjorie Burns Love, of New York, reached Seattle today.

Love says the court costs are worrying him. He says they have eaten up money faster than his mine can produce it.

"Seriously," he said, "I fear that my wife's appendix will have to be raffled off. It is now in storage in New York and as I paid to have it removed, I suppose, legally, I can dispose of it."

The FIRM THAT PAYS YOUR CAR FARE

FARMER WHIPPED BY OWL.

Victim of Bird's Vicious Attack Not Expected to Live.

Washington, Pa., June 28.—Philip Cruzan, a wealthy farmer, is at his home, 15 miles west of here, with practically no hope of his recovery, as the result of his encounter with a monster hoot owl.

Cruzan, while walking through his yard, was struck in the face by the owl, which apparently, in its blind flight, had unintentionally collided with the man.

The bird, infuriated, fastened its talons in Cruzan's face and began a vicious attack. Again and again the heavy beak penetrated the man's eyes and Cruzan's efforts to beat off the bird were in vain. Finally, Cruzan fell unconscious, the bird still pecking and clawing at his face.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."—Mrs. SALLIE STEVENS, R. F. D., No. 3, Box 31, Waurika, Okla.

Another Grateful Woman.

Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help.

"I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life.

"My doctor knows what helped me and does not say one word against it."—Mrs. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

THE NORTH CAROLINA
College of Agriculture and Mechanic Arts

Four-year courses in Agriculture; in Civil, Electrical, and Mechanical Engineering; in Industrial Chemistry; in Cotton Manufacturing and Dyeing. Two-year courses in Mechanic Arts and in Textile Art. One-year course in Agriculture. These courses are both practical and scientific. Examinations for admission are held at all county seats on July 13th.

WARNING ABOUT CITY WATER

Analysis Shows Water is in Bad Condition—Public Urged to Boil All Water Before Using for Domestic Purposes.

An analysis of the city water from various samples sent to the State chemist, Dr. C. A. Shore, at Raleigh, show that the water is in a bad condition and Dr. C. T. Nesbitt, city superintendent of health, again urges that all water be boiled before being used for domestic purposes. Cisterns are also under suspicion and an analysis made of water from several cisterns show that it is not in good condition.

The city deep wells, however, with the exception of the well at Eighth and Red Cross, appear to have no pollution whatever. The analysis of the well above mentioned was such that it was thought best to remove the handle and not allow the same to be used by the public.

Yesterday a letter was received by the superintendent of health from Dr. Warren H. Booker, assistant secretary of the State Board of Health, relative to the water supply of the city of Wilmington and in the letter Dr. Booker said: "I am just in receipt of a report from the laboratory on a sample of water collected by you on the 16th. This water was found to contain coli in 1 cubic centimeter (one cubic centimeter equal to 15 drops) and in 10 cubic centimeter, the total count being 3,500 or more. The chlorine was high and the odor slightly musty. Of course, it is needless to say that an analysis showing these results would indicate a highly polluted and dangerous water, and we continue our request that you urge the people of Wilmington to boil all water used for domestic purposes."

Dr. Nesbitt says that an analysis of water taken soon after passing the filtration plant does not show pollution but in the down town sections of the city the analysis is different. This goes to show, he says, that the pollution is evidently in the water pipes and his theory is that it is probably due to the condition of the pipes when put down last year. For several months the pipes were allowed to lay upon the streets and were then put down without being washed or anything done to free them of the dirt and refuse that had collected during the time they had remained on the streets. Also certain amount of dirt was obliged to get in the pipes in laying them. This he believes responsible for the condition of the water and beginning Monday a force will be put to work washing out the pipes with bleaching powder. A few streets will be taken at the time and Dr. Nesbitt believes that he will be able by this means to improve conditions.

Water taken from hydrants in certain sections show pollution and in others none appears, but records show that water may show a good analysis one day and a few days later be very different. This was the case with a hydrant at Front and Castle. A sample on the 21st showed no pollution and one taken on the 23rd showed pollution. The worst sample secured was one taken from a hydrant at the city hall.

As stated above Dr. Nesbitt says that deep wells are all right and the samples were taken in the morning between 4 and 5 o'clock in order to get any seepage that might have gone in the well during the night, practically no water being pumped off before 5 o'clock in the morning. Analysis in all cases but Eighth and Red Cross showed good water. The water of the city hall pump shows that the water is all right.

At all establishments where there are soda fountains the proprietors are being urged to put in running water if this has not already been done, as it is deemed highly important. Dr. Nesbitt says that a tank with a waste pipe and where glasses are dipped in the water does not conform to the requirement as to running water, but this means water that is in a continuous stream and that glasses should be washed in the running water as it leaves the hydrant.

FUNERAL OF MISS REID.

Laid to Rest Yesterday Morning in Oakdale Cemetery.

The funeral of Miss Laura Reid, who died Tuesday after a short illness of typhoid fever, was held at St. Andrew's Presbyterian Church yesterday morning at 9 o'clock. Rev. Dr. A. D. McClure, the pastor, conducted the service.

Miss Reid was a young woman of most lovable temperament and had many friends in this city and in other sections of the State as the following from yesterday's Charlotte Observer will testify:

"The friends in Charlotte and Mecklenburg county of Miss Laura Reid, daughter of Mr. and Mrs. Jonathan Reid, of Woodward, S. C., were saddened yesterday to learn of her death, which occurred in Wilmington Tuesday after a short illness of typhoid fever. The deceased was only 18 or 19 years of age and had been visiting her sister, Mrs. Akerman. She formerly resided with her parents in lower Steele Creek and had many friends in the county."

The young woman was a daughter of Mr. and Mrs. Jonathan Reid, of Avon, S. C., and a sister of Mrs. Joseph Akerman of this city, with whom she had made her home recently. She had been employed as a stenographer in the city health department.

Many friends attended the funeral and the lovely floral designs attested the love and esteem in which they had held Miss Reid. Interment was made in Oakdale cemetery and the pall-bearers were Messrs. Joseph Sharrock, Chas. Ruark, Wm. Ruark, Wm. Wiley, Welford Pratt and Wm. T. Walker.

Death of An Infant.

Harry Edward Gallinger, the infant son of Mr. and Mrs. Neil Gallinger, died yesterday morning at 9 o'clock at the family residence. The child had been ill for some time from whooping cough and the little body was not strong enough to win the fight. The funeral will be held from the residence, corner Fifth and Nixon streets, tomorrow afternoon at 3 o'clock, and interment will be made at Oakdale. The saddened parents will have the sympathy of their many friends.

White Canvas Oxfords.

BACK FROM ANNUAL MEETING

Dr. Carroll Returns From Gathering of State Veterinary Board—Nine New Veterinarians—Fine Papers Read.

Dr. Thos. B. Carroll, city meat and dairy inspector, returned to the city yesterday morning from Greensboro, where he attended the annual meeting of the State Board of Veterinary Examiners, of which he is chairman and which ended its work Tuesday. Dr. Carroll also attended the State Veterinary Medical Association, which was in session on Wednesday. Both meetings, said Dr. Carroll yesterday, were unquestionably the greatest in the history of veterinary surgery in North Carolina. The attendance was unusually large, a fine programme was carried out and the session was in every way a most profitable one.

There was an unusually large class this year, there being eleven for examination, nine of whom passed successfully. The following are the successful candidates: Dr. J. T. Spoon, of Burlington; A. C. Jones, of High Point; J. W. Bullock, of Creedmoor; J. A. Graham, of Greensboro; T. N. Spencer, of Concord; B. J. Fitzmorris, of Fayetteville; F. C. Herndon, of Rocky Mount; C. R. Graham, of Newbern; R. R. Reinhardt, of Lincolnton, and W. A. Hornaday, of Burlington. Dr. J. T. Spoon, of Burlington, led the candidates with a grade of 97.8 per cent. He is a graduate in veterinary surgery from the Agricultural and Mechanical College at Raleigh, and also from the Kansas City Veterinary College.

To pass the board a candidate must make not less than 70 per cent. in the following subjects, all of which are in terms of veterinary medicine: Anatomy, physiology, materia medica, therapeutics, bacteriology, pathology, histology, surgery, obstetrics, practice of medicine and chemistry.

Practically all the veterinarians of the State were present for the annual meeting of the association on Wednesday and several interesting papers were on the programme.

At 8 o'clock Dr. F. S. Charter, of Greensboro, gave a clinic at his hospital on Davie street, having gathered together several interesting equine patients for demonstration work which proved of great interest and value. The formal proceedings began at 9 o'clock, when President Walt Ashcraft, of Monroe, delivered a valuable address. He was followed by Dr. Ferneyhough, State Veterinarian of Virginia, and several other interesting papers were read. In the afternoon a pleasure trip was taken in automobiles to points of interest about the city and county, the good roads coming in for much praise from the visitors.

The closing session was held Wednesday night. Dr. Herring, of Wilson, was elected president, and Dr. Koonce, of Raleigh, vice president; Dr. Raglan, of Salisbury, secretary and treasurer. The next session will be held in Raleigh. The State Board of Examiners is composed of the following: Dr. Thos. B. Carroll, chairman, Wilmington; Dr. A. Fisher, Charlotte; Dr. G. A. Roberts, secretary-treasurer, Raleigh; Dr. W. G. Chrisman, Raleigh; Dr. A. C. Jones, High Point.

YESTERDAY EXCURSION DAY.

Four Were in the City—Another Will Arrive Today.

Yesterday was the big day of the season in the city and at Wrightsville Beach so far as excursions are concerned. There were four in town. Two arrived Wednesday, one from Atlanta and one from Charlotte, and two more came in yesterday, one from Goldsboro and the other from Lumberton. The Goldsboro excursion brought about 260 visitors to the city and the resorts and the Lumberton train about 400.

Many of the visitors spent the day at Wrightsville, and there were more people at Lumina yesterday than on any previous week day this season. The excursionists spent the day in various ways, some going fishing, others in bathing and many enjoying the fine concert at the handsome pavilion.

However, Wrightsville Beach was not the only resort favored by the visitors. The steamer Wilmington made a special trip for the benefit of those who came down Wednesday on the Pritchard Memorial excursion from Charlotte, and many of the Charlottetonians took advantage of the trip. The boat made stops at Carolina Beach and Southport and also made a trip out to sea, which was greatly enjoyed by those who were along. The boat reached the city on the return trip about 5 o'clock yesterday afternoon. A number of the visitors who came in on the Goldsboro excursion were from Warsaw and many of them attended the ball game between the team from their town and the local A. C. L. nine yesterday afternoon at the park.

The Lumberton and Goldsboro excursions went back last night, and the Charlotte train will leave this morning at 9 o'clock. The excursionists from Atlanta will make the return trip on the regular trains.

The next excursion to arrive will be a Sunday School affair from Durham and will reach the city this morning at 11:30 o'clock. A goodly crowd from the Bull City is expected.

BIG STORAGE COMPLETED.

New Coast Line Terminal and Dock Are Now Ready for Use.

The new Coast Line warehouse on the lower freight yard has been completed and is now in readiness for storage purposes. The work on the actual building has been finished for several days and since the work on the dock has been under way. The dock and facilities for unloading vessels are now ready for use. This portion of the work was done by the Diamond Steamboat & Wrecking Co.

The new storage will probably be placed in use before the Fall.

Funeral of Mr. Stubbs.

The remains of Mr. Jonathan Stubbs, who died Wednesday night at the James Walker Memorial Hospital, after drinking a mixture of paris green, whiskey and ginger ale, earlier in the day, will be held this morning at 9 o'clock at his late home and interment will be made in the Antonio Rush graveyard.

ORGANIZATION WAS PERFECTED

By-Laws and Rules of Wilmington Trade Extension Association Adopted—W. B. Cooper Elected President.

The executive committee of the Wilmington Trade Extension Association met at the Chamber of Commerce yesterday afternoon and perfected its formal organization by the adoption of by-laws and rules for conducting the business of the new association, and the election of the officers. Mr. W. B. Cooper was elected chairman of the executive committee, which office carries with it the presidency of the association. Mr. Geo. S. Boylan was elected vice chairman and vice president of the association, and Mr. J. A. McGeachy, secretary.

Messrs. W. B. Cooper, Geo. S. Boylan, Adolph Einstein, A. O. Schuster, Ben Solomon, William A. French and Jos. N. Jacobi, the members of the executive committee, were all present.

In the matter of printing, the committee ordered 5,000 transportation checks and 100,000 advertising folders on the first run. Instruction cards to the number of 1,000 were ordered printed and distributed among the members and their employes, giving detailed information on all points on which the individual members may desire information. Large store cards will be displayed in the places of business of the members, indicating their membership in the association.

The committee decided to have the Southern National Bank collect the membership dues at once before the printing is completed. As the committee must assume the responsibility for the big printing bill it was felt to be wise to have the money in bank first. There are more than 80 members in the association, and while the committee does not anticipate that any man who signed the membership agreement will welsh on his contract, it was felt that it would be a great injustice to the members who do pay up to use their money to advertise any man who might possibly make an excuse for not paying his dues. Under the contract each member agrees to pay upon demand the sum of $18 as membership dues. All the money will go to the Southern National Bank and be held subject to the orders of the executive committee alone. The bank will collect the dues today and report to the executive committee at its next meeting.

TRIPLE FUNERAL YESTERDAY.

Men Who Were Killed at Makatoka Buried Here.

At St. Thomas' Catholic Church yesterday at 11:30 A. M. a triple funeral was held over the remains of three of the foreigners who were killed in the railroad accident at Makatoka, on one of the tram roads of the Waccamaw Lumber Company, Wednesday.

The bodies were prepared for burial by the undertaking establishment of Mr. Walter E. Yopp and were brought to the city Wednesday night. A large number of the comrades of the dead men came to the city to attend the funeral.

The dead men were Joseph Ross, Dominico Serinci, Gaetano Naredo and Forester Rhuhady. Young Ross was a son of the foreman of the lumber camp, and a peculiar coincidence is connected with his tragic death. Several years ago at a lumber camp near Bolton he and another man were handling a gun. As Ross took hold of the weapon it exploded, the load taking effect in the other man's body. He died from the wound in a short time. Young Ross was not buried with the other men yesterday, but the funeral services over his remains will be held from St. Thomas' Cathedral today. His mother is expected to arrive in the city from Philadelphia before that time.

Rev. Father Thomas Hayden, assistant rector at St. Thomas, conducted the services yesterday. A number of the friends of the dead men acted as pall-bearers and the entire party attended the procession to the Catholic cemetery on the Market street road, where the bodies were interred.

From what was learned yesterday the accident was caused by one of the tram cars jumping the track and bumping along on the ties. The men became frightened and jumped, falling under the moving train with the fatal result.

The fifth man who was injured was taken to the James Walker Memorial Hospital Wednesday and while badly injured, it is expected that he will recover.

GRATIFYING REPORT.

Number of Improvements at Brooklyn Baptist Church.

At the business meeting of Brooklyn Baptist church held Wednesday night, quite a good deal of business connected with the affairs of the church was transacted, and officers were elected for the Sunday School for the ensuing year.

Report of the pastor showed the church to be in good condition, financially and spiritually. Since the first of January the regular offerings have met the running expenses of the church with a small balance on the right side. It was stated that the interior of the church is to be painted, a new carpet laid and a heating plant will be installed.

Mr. G. F. Garrison was elected superintendent of the Sunday school and Mr. A. S. Allen secretary and treasurer. The superintendent was instructed to name two assistants and he named Messrs. Liston Larkins and John McDougall but the latter has declined to serve. The organization will be completed and the new officers installed Sunday.

Almost Like Pressed Brick.

J. T. Kerr, who is connected with the New Bern Collegiate Industrial Institute for the colored race, is here in the interest of the school, and yesterday brought to The Star office a sample brick of the kind being made at New Bern by students in the school. The brick was made of red clay and very much resembled a pressed brick. He says the school has a plant with a minimum capacity of 20,000 daily and that the plant is run by students. A farm is run in connection with the school and this season 100 acres are in cotton.

BUYS ENORMOUS TRACT LAND

Wealthy Californian and North Carolinian Purchase Forty Thousand Acres of Land Near Fayetteville—Development.

Ex-Sheriff J. F. Jordan, of Guilford county, and Congressman William Kent, the wealthy insurgent from California, have just closed a deal for a track of 40,000 acres of land on the A. & Y. railroad between Fayetteville and Sanford, the property being near the station of Manchester. The property will be developed and settled by people from other States.

Sheriff Jordan and Congressman Kent spent yesterday at the Seashore Hotel, on Wrightsville Beach, the latter leaving last night for Washington. It was stated that the work of improving the enormous tract of land will begin in the near future. One of the first things will be the planting out of an orchard of 100 acres. Construction of sand-clay roads through the estate will begin at once and a road will be built to Fayetteville and one to Pinehurst. The property will be known as "Pine Wild."

A portion of the enormous tract of land lies in Cumberland and part in Harnett counties. Sheriff Jordan had long been familiar with the territory as he has hunted fox all over that part of the State for the past 15 years. He has been connected with some of the largest real estate deals ever put through in this State and all projects he has been connected with have proven to be highly successful. Sheriff Jordan is a great believer in North Carolina real estate, and after investigating Congressman Kent was enthusiastic over the prospects in the way of land development in North Carolina. There are few men in the West who are better posted on land values than Congressman Kent as he owns enormous tracts of land in Kansas, Colorado, Nebraska, Nevada and Michigan, besides much city property.

The 40,000 acres is in what is known as the sand hill section, a portion of the State that a few years ago was regarded as extremely poor from an agricultural standpoint, but during the last few years has proven to be the finest peach and grape section of the State. There are now enormous peach orchards in the vicinity of Pinehurst and also hundreds of acres of dewberries and other fruits. It is also said that cotton is being grown on the sand hills with a high degree of success.

Sheriff Jordan and Congressman Kent arrived in the city Wednesday night and went through to the beach where they spent yesterday enjoying the delightful ocean breezes.

SELECTED BRIDGE PLANS.

New Hanover and Pender Commissioners Met Wednesday to Decide.

The county commissioners of New Hanover and Pender counties, in special meeting held Wednesday afternoon, decided upon plans for the proposed bridge between the two counties and narrowed the choice of sites down to two. It is expected that work on the bridge will begin in the near future.

All the commissioners of both counties, with the exception of Colonel Jno. Van B. Metts, of New Hanover county, were present. Colonel Metts was out of the city and for that reason could not attend.

In his report to the boards, Engineer O'Brien recommended two sites for the location of the bridge. These sites are at Blossom's Ferry at Castle Hayne, and "Hungry Loaf," about half a mile west of the railroad bridge. It was decided to choose the site which would be the cheaper to locate the bridge upon. Factional feeling will not be considered in the selection of the site.

The Foundation Company, which made the drawings of the bridges, submitted plans for five different structures. Of these, two that seemed the most suitable were selected. These plans will be advertised when bids for contrats are sought soon.

According to the plan agreed upon some time ago, New Hanover county will bear about two-thirds of the expense of erecting the bridge.

The two boards adopted a resolution that a committee be instructed to advertise for bids, and agreeing to build the bridge at the location calling for the least expenditure. The meeting then adjourned.

BURGLARS VISITED MAYOR.

Caught Before Gained Admission to Dwelling—At Open Window.

At an early hour yesterday morning two would-be burglars went to the home of Mayor Smith and would no doubt have entered the residence but for Mr. Franklin Smith, his son, who returned from the beach on a late car. As it was, the two men were frightened away and left no clue whatever.

Mr. Franklin Smith reached the city a few minutes after 12 o'clock and on account of the illness of his sister entered the house as noiselessly as possible. In passing across his room in the door he struck his foot against a truck and made a slight noise and immediately he heard noise near the window. He thought it was perhaps a man and walked towards the window and made a slight noise with his foot, leaning out of the window at the time. To his surprise he detected a man lying on top of an old trunk just outside of the window and another man crouching at the end of the trunk. As he looked out of the window the man on the trunk leaned far to one side in an effort to keep out of sight. Young Mr. Smith went to the room of his father and awakened him and he went down on the first floor hoping that he might head the robbers off but they mad made good their escape. Mr. Smith says when he looked out of the window and saw the man he was so astounded he hardly knew what to do.

The window the men were about to enter was left open last night and it was the first time it had been done this Summer.

Meeting Chamber of Commerce.

There will be a meeting of the Chamber of Commerce this afternoon at 3 o'clock for the purpose of considering the advisability of getting new quarters. It is desired that a full attendance be present and that members do not hesitate to express themselves on the subject.

Regular Interest Period
JULY 1st

Your deposit made here now will receive a full quarter's interest on October 1st.

LAST DAY OF NEAR-BEER.

Much Speculation As to Course of the Dealers — Malt Section.

This is the last day that near-beer saloons can be legally conducted in the State of North Carolina and under the local law the establishments will have to close their doors at 9 o'clock tonight. The near-beer myth made its advent immediately after the passage of prohibition laws in the various Southern States, and in North Carolina during the past two years there have been but very few towns that did not boast of a near-beer saloon, and Wilmington had a goodly number of them.

There has been much speculation as to what course would be pursued by the near-beer dealers. Some contend that the malt section in the revenue act of the last Legislature was meant to apply to malt liquors and not to a grain. In other words, that the word malt was used as meaning what it commonly understood when using the word malt—a drink. It is contended that malt can be sold although the Council refused to grant city license, and this is not controverted, but the near-beer dealers contend that the malt means is a beverage and the Council, proceding upon the construction of the act by the Attorney General of North Carolina and City Attorney McClammy, say only grain can be sold. It is thought more than probable that a case will be carried to the Supreme Court for a construction of the malt section of the revenue act.

New Grocery Opens Tomorrow.

The establishment of the City Grocery Company at Fourth and Red Cross streets, will be formally opened for business Saturday morning. A splendid assortment of groceries has been placed in stock and it is the intention of those behind the enterprise to make it second to no grocery store in Wilmington. Incorporators of the new store are Messrs. R. W. Cooper, J. N. Valentine, W. F. King and Leslie Williams. Mr. W. F. King will be manager of the store and will be assisted by Mr. J. A. Southerland, who for some time past has been with the Hall Mercantile Company, at Wallace.

Shot Trying to Stop Fight.

While endeavoring to part two negor boys who were fighting Wednesday night in the Southern part of the city, William Lord, a colored hack driver, was shot in the hip by one of them. The boy was on top of his antagonist choking him when Lord pulled him off. At this he became infuriated and producing a pistol fired twice at the man, only one bullet taking effect. Lord was sent to the hospital for treatment. The name of the negro who did the shooting or the boy with whom he was having the altercation could not be learned.

SOCIAL & PERSONAL

Mrs. Percy Smith left for Asheville yesterday to join her husband.

* * *

Miss Maud Moore, of Watha, is visiting her brother, Mr. Roy Moore, of this city.

* * *

Mrs. F. R. Corbett, of Ivanhoe, is visiting Mrs. L. J. Merriman, at her home on Church street.

* * *

Miss Lillian Walker is spending her vacation visiting friends and relatives in Fayetteville and Clio, S. C.

* * *

Mrs. G. C. Strickland is at home after spending some time with friends and relatives at Emporia, Va.

* * *

Mrs. Lee Simpson, of Tomahawk, is spending some time in the city, the guest of friends and relatives.

* * *

Mr. Max T. Payne, a prominent druggist of Greensboro, and Mrs. Payne, are guests at the Seashore Hotel, Wrightsville Beach, for a few days.

* * *

Many friends of Miss Lillian Vaughan will regret to learn she is quite sick at her home on Red Cross street. She is suffering from a slight attack of fever.

* * *

Yesterday's Winston-Salem Journal: "Mr. and Mrs. W. T. Wilson and little son, W. T., Jr., left yesterday for Wrightsville Beach, where they will spend two weeks."

* * *

Mrs. E. C. Atwood, who has recently purchased the Southport News and is vastly improving that enterprising journal, was a visitor in the city Wednesday and Thursday.

* * *

Yesterday's Charlotte Observer says: "Mrs. W. L. Butt and daughter, Miss Mildred Butt, will leave within a few days for Wrightsville, where they will spend several weeks at the Oceanic Hotel.

* * *

Ex-Sheriff Jas. F. Jordan, of Guilford county, and wife and two children are spending a few days at the Seashore Hotel, Wrightville Beach. Mrs. Jordan is well known in this section, being a niece of Col. Waddell and Mrs. Clayton Giles.

* * *

Invitations have been received reading as follows:

The Opening Dance
for this Summer Season will take place
at Myrtle Beach Hotel
Friday Evening, June 13th, 1911.
A general invitation is extended.
Trains returning leave Myrtle Beach at 11 P. M., Friday evening; 7 P. M., Saturday morning.

* * *

MANY GUESTS AT THE SEASHORE FOR SEASON.

There are a large number of visitors at Wrightsville Beach now and the number will be greatly augmented today by the arrival of hundreds of others for the week-end. It is true that several hundred of the guests now on the beach will return home today, but the number returning will be more than off-set by the number expected to arrive for a stay of several days. The Seashore Hotel was crowded yesterday and has been for several days and the other hotels and boarding houses have had about as many as they could well accommodate. Among the arrivals at the Seashore yesterday were Mrs. E. G. Seibels, Miss Lilah Tally, Columbia, S. C.; Mrs. E. S. Brazelton and daughter, Columbia, S. C.; W. A. Hester, J. L. Bridger, Bladenboro; C. T. Hussey, Charlotte; W. Z. Shepard, Atlanta; L. A. Bethune, Clinton; John D. Evans, Atlanta; W. W. Evans, Clio, S. C.; Mrs. Lee Simpson, Tomahawk; N. E. W. Simpson, Point Caswell; J. C. Den and wife, Wilson; Mr. and Mrs. J. F. Jordan and two little daughters, Greensboro; Mr. and Mrs. Max T. Payne, Greensboro.

COLUMBUS FIGHTS HOOKWORM.

Aid From County Makes Possible a Field Hospital at Chadbourn.

Dr. C. L. Pridgen, one of the district directors of the Hookworm Commission of the State Board of Health, spent yesterday in Wilmington on his way to Pender county. He stated that Columbus is to have a field hospital at Chadbourn for the coming six weeks to give free treatment for the hookworm throughout that section.

Dr. Pridgen has ordered the hospital sent from Raleigh to Chadbourn and probably during the six weeks it will be moved to other parts of the county. The field hospital was made possible by $50 a week contributed by the county and the fund of $150 weekly granted by the State Commission, the same being provided for this purpose. Dr. Pridgen will have the work under his personal direction at Chadbourn. He stated yesterday that there is some probability of a field hospital in Brunswick for a period of six weeks in the near future. An earnest effort is being made by physicians to secure funds from the county for that purpose.

Real Estate Transfers.

Deeds were filed for record yesterday as follows: Hugh MacRae and wife to John E. Taylor, for $10 and other considerations, lot on corner of Fanning and Wood streets; Alfred McFarland and wife to O. Claude Hill, for $100 and other considerations, lot on corner of Taylor and Brown streets, 40x66 feet in size; J. W. Yates, trustee to Cornelia Conton, for $10 and other considerations, lot on Bellevue ave., 198 feet south of Orange street, 99x75 feet in size; E. J. W. Anders and wife to Irene Pettway, for $10 and other considerations, lot in Harnett township, on Bradley creek road, west of Myrtle avenue, 54x195 feet in size; E. J. W. Anders and wife to Irene Pettway, for $10 and other considerations, lot on 14th street, 264 feet south of Marsteller street, 33x155 feet in size.

Juniors Planning Big Excursion.

The excursion to Carolina Beach, which is to be operated July 4th, by George Washington Council and Jeff Davis Council, of the Junior Order, it is believed will prove to be the largest one to this popular resort during the present season. It will be operated for the benefit of the Daughters of Liberty. Arrangements have been made for an orchestra to furnish music during the day and there will be dancing and plenty of gaiety.

LOCAL DOTS.

—Friends in this city of Mr. Sam Garris, of Watha, will regret to learn that he is very ill with typhoid fever.

—Notice is given at the sheriff's office that those who intend taking out licenses that expire July 1st, will do well to remember that the office closes at 1 P. M. Saturday.

—Friends of Master Harold Wolfe, formerly of Wilmington, but whose parents now reside at Marion, S. C., will regret to learn that he met with a painful accident a few days since, falling about ten feet and breaking his arm just below the shoulder.

—Capt. W. P. Oldham urgently requests all members of his committee to meet him at the headquarters of Cape Fear Camp, No. 254, United Confederate Veterans, in the W. L. I. armory, tonight at 8 o'clock. The business to be transacted is important and it is hoped that every member will attend.

Chairman D. McEachern, of the board of county commissioners, states that bids for the bond issue of $50,000, recently authorized by the voters of the county, will be opened at the court house on the afternoon of July 3rd, at 3 o'clock. The proceeds derived from the sale of the bonds will be used in maintaining and continuing the improvement of the county roads and bridges.

PERSONAL PARAGRAPHS.

—Mr. D. L. Gurganus, of Ivanhoe, spent yesterday in Wilmington.

—Mr. D. L. Herring, of Garland, was a Wilmington visitor yesterday.

—State Senator Rivers Johnson, of Warsaw, spent yesterday in Wilmington.

—Mr. J. W. Lashley, of Armour, N. C., was here yesterday on a business visit.

Mr. R. P. Paddison, of Point Caswell, was here yesterday on a business trip.

—Mr. Joseph Hester, of Richardson, N. C., was a business visitor to the city yesterday.

—Mr. A. H. Corbett, accompanied by his little daughter, was here yesterday on business.

—Rev. Mr. Shaw, editor of the Bladen Jorunal, of Clarkton, N. C., spent yesterday in the city.

—Mr. J. S. Devane, of Currie, and Mr. W. H. Lewis, of Atkinson, were Wilmington visitors yesterday.

—Mr. H. D. Burkheimer, of Charlotte, formerly of Wilmington, was a welcome caller at The Star office yesterday.

—Capt. Earl I. Brown, the local United States engineer, is back in the city after attending the meeting of the Coastal Waterway Board at Jacksonville, Fla.

—Among the arrivals at The Orton yesterday were the following: W. C. Murphy, Hamlet; T. L. Johnson, Lumberton; C. T. Hussey, Charlotte; T. R. Ambrose, Conway, S. C.; J. L. Hawley, Rockingham; J. LeGrand Everett, Rockingham; G. H. Currie, Clarkton; P. C. Hubbard, Lumber Bridge; E. R. Smith, Charlotte; M. S. Epps, Charlotte.

MISS CORA WEAVER DEAD.

Passed Away at the Hopsital Yesterday Afternoon.

Miss Cora Weaver, daughter of Mr. and Mrs. Wm. T. Weaver, of Columbus county, died at the James Walker Memorial Hospital yesterday afternoon. Miss Weaver, who was about 20 years of age, was born in Columbus county, but had made her home for a number of years with relatives at Delgado. She is a sister to Miss Elizabeth Weaver, who underwent an operation for the transfusion of a qauntity of her blood to a Mr. Heath, of Waxhaw, a pellagra patient, who died at the hospital in this city about 18 months ago. The funeral arrangements are pending word from the parents of the young lady.

Miss Weaver is survived by her father and mother, Mr. and Mrs. W. T. Weaver, of Columbus county, and three brothers, Messrs. Sam Weaver, H. B. Weaver and Elija Weaver, and also four sisters, Mrs. E. T. Cook, Mrs. Alfred Smith, Mrs. Jessie Regins and Miss Elizabeth Weaver, all of Delgado. They will have the sympathy of their friends in this sad bereavement.

CIVIL SERVICE COMMISSION.

Applicants for Positions on Fire and Police Force Examined.

The first examination by the City Civil Service Commission was held Wednesday night when nine applicants for position on the fire department were examined. Last night another session was held and ten applicants examined for places on the police force.

All applicants are first required to stand a physical examination and the city physician certifies his findings to the Civil Service Commission. The examination put up for men in both departments was of a practical nature but had a sufficient number of questions to get an idea of the applicant's educational qualifications. The examinations will be considered during the next few days and the list certified up to the Council. Under the new commission act all vacancies have to be filled by men who are on the eligible list.

FINANCE COMMITTEE K. OF P.

Annual Session to be Held Here July 12th—Installation Col. Taylor.

The annual session of the finance committee of the Supreme Lodge, Knights of Pythias, will be held in this city July 12th, this being the home of the master of exchequer of the Supreme Lodge, Captain Thomas D. Meares. Five members of the finance committee will be here and also Mr. Fred. E. Cheaton, of Minneapolis, supreme keeper of records and seals.

A letter was received by Captain Meares yesterday from State Grand Chancellor C. C. McLean, of Greensboro, in which he stated that Mr. G. Herbert Smith had suggested that the installation of Col. Walker Taylor, as deputy grand chancellor, take place on the occasion of the visit of the finance committee of the Supreme Lodge. He desired an expression of opinion from Captain Meares, and it is thought very probable that the installation will take place on the date suggested.

At the Bijou Today.

In spite of the drear weather yesterday was one of the biggest in the history of the Bijou, and nothing could better attest to the popularity of the attractive theatre than that. And those who attended left all gloom behind, because the Bijou had a bill of exceptional brightness and merriment, which lightened every heart and immensely pleased in every other way. While the air was sultry outside, the Bijou was delightful with cool air and abundance of ventilation. From the outside to the in was like stepping from the meshes of some big weed under the fragrant spell of the rose bush. There were films to please every special taste and all films pleased every one. There was drama and comedy, each of high class merit, because the Bijou never shows anything that which is pure and wholesome, and the musical part of the performance was indeed superb. The incidental music was of bright and jolly nature, and Mr. Frank Banks' singing was a tremendous hit. Singers may come and singers may go, but Mr. Banks stands firm in the love and admiration of amusement lovers of Wilmington. He has a rich, expressive baritone voice, and he is most happy in his selections of songs, each a late Broadway hit, beautifully illustrated. Today's bill promises to be one of the best yet offered. It is going to be one of the Bijou's brag bills and it will contain a number of moving picture surprises, besides an entirely new and up-to-date musical programme.

THE RECORDER'S COURT.

Only a Few Cases to Claim Attention Yesterday—Vagrancy Charge.

The Recorder had only a few cases to claim his attention yesterday morning. "Buddie" Harris, colored, was found guilty of vagrancy and given 30 days on the county roads to which place he was taken soon after adjournment of court and where he is said not to be a stranger. Virginia Brown, colored, charged with assault with deadly weapon, was found not guilty. The case was sent up from Justice Harriss' court. A case against John Turley, a white man, charged with assault, was left open until today. It is alleged that he pointed a pistol at another person. A case against Chas. Bryant, charged with disposing of mortgaged property, was continued until today. It has been decided that the five whiskey cases will be brought up for final disposition next Thursday morning. All the cases have been tried several times, resulting in mistrials, and one case has been tried three times with the same result.

Death of Miss Viola Barker.

Miss Viola Barker, the 14-year-old daughter of Mr. and Mrs. Barker, who recently moved to Winter Park Gardens, died at the James Walker Memorial Hospital late yesterday afternoon, after an illness of typhoid fever. The funeral will be held at Delgado Presbyterian church this afternoon at 4 o'clock. Rev. J. M. Plowden will conduct the service. Interment will be in Bellevue cemetery. The parents will have the sympathy of many friends in their bereavement.

Ask the Old Folks

Your grandmother and grandfather know French Market Coffee.

For 100 years back it was the famous coffee at the old French Market. The finales of all the Mardi Gras Balls were not complete without a cup of this rare old beverage.

Then this famous beverage could be had nowhere else.

Now you may serve it daily at your own table. For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

"There is but one French Market flavor."
You can get this celebrated coffee at your grocer's in hermetically sealed tins.

CLOSE SLAUGHTER HOUSES.

Not Complying With Law Laid Down by Board of Health.

Nearly two years ago the County Board of Health passed a resolution forbidding the dumping of night soil, burying of dead animals and slaughtering of cattle in the county of New Hanover under the then existing conditions, same being effective after the 1st day of January, 1910. Dr. Nesbitt stated yesterday that this resolution, which upon adoption automatically became the law, had never been regarded, as an inspection of the slaughter houses showed.

All market owners, and especially those having slaughter houses, have been notified that no meat slaughtered under existing conditions can be sold in the city of Wilmington after June 30th, 1911. The owners were informed that if they desired to have slaughter houses the same would have to be built under the direction of the City Board of Health and owners comply with rules laid down by the Board of Health. The law is to be strictly enforced and becomes effective after today.

—Attachment papers were yesterday served on household goods belonging to Gussie Greer, at the freight yards of the Atlantic Coast Line. The papers were issued from Justice Harriss' court by M. D. Divine & Co., and W. E. Springer & Co. There are alleged balances due the firms on contracts. Constable Savage executed the papers. The goods were consigned to Jacksonville, Fla.

COTTON HAS IRREGULAR DAY

Sharp Advance in Early Trading Later Resulted in Reaction on Publication of Favorable Private Condition.

New York, June 29.—The failure of today's weather reports to show the predicted showers in the Western belt caused considerable covering in the cotton market and prices had quite a sharp early advance, but the publication of favorable private condition report prevented any broadening of demand and the market later reacted, closing steady, net one lower to eight points higher; old crop positions being unchanged to one point lower and the new crop from 4 to 8 points above the closing figures of yesterday.

The opening was firm at a net decline of 1@3 points on near months, but 4 to 8 points higher on new crop positions as a result of covering by yesterday's sellers, and more aggressive support from leading bulls. During the morning new crop positions sold up to a net gain of 12@13 points, demand being stimulated to some extent by the western belt forecast for generally fair weather tonight and tomorrow, but old crop positions were slow to respond, selling only some 2 to 6 points net higher, and as soon as thee demand from shorts had been supplied trading became less active.

Rumors that latest returns to the National Ginners' Association indicated a condition of 89.6 per cent, and a private report making the condition 89.5 per cent, tended to increase confidence in bearish government figures next Monday and during the afternoon offerings became rather heavier as a result of realizing or local pressure, with prices easing off from the best. Old crop positions were relatively easy on the decline, with July selling off at a net loss of about 9 points, but the new crop reacted only 6 or 7 points from the best and the near months steadied up from the lowest in the late trading.

Receipts today, 1,127 bales, against 622 last week and 8,558 last year.

For the week, 8,000, against 7,956 last week and 25,343 last year. Today's receipts at New Orleans, 527, against 2,956 last year and at Houston, 133, against 161 last year.

Spot closed quiet; middling uplands, 14.80 do. gulf, 15.05; sales, 200 bales.

Futures opened firm and closed steady.

THE GRAIN MARKET.

Chicago, June 29.—There was an explosive market today in corn. It looked as though genuine crop damage had been taking place owing to the hot winds throughout a wide sweep of Kansas and Nebraska. Predictions are current in consequence that if the harm should prove general corn would take fire in the pit. As a result, the cereal led all others and closed strong at a net gain of ⅝@⅞ to 1⅛@1¼. Oats finished ¼c. up and wheat irregular, ⅛ off to ¼c. advance. Latest figures for hog products varied from a shade decline to a rise of 10 cents.

Wheat—No. 2, red, 88¼@89¾; No. 3, red, 87¼@89; No. 2, hard, 88⅝@91¼; No. 3, hard, 87½@89; No. 1, northern, 95@1.00; No. 2, northern, 94@99; No. 3, northern, 94@96; No. 2, spring, 90@94; No. 3, spring, 90@93; velvet chaff, 85@93; durum, 82@87.

Wins Fight for Life.

It was a long and bloody battle for life that was waged by James B. Mershon, of Newark, N. J., of which he writes: "I had lost much blood from lung hemorrhages, and was very weak and run-down. For eight months I was unable to work. Death seemed close cn my heels, when I began, three weeks ago, to use Dr. King's New Discovery. But it has helped me grestly. It is doing all that you claim." For weak, sore lungs, obstinate coughs, stubborn colds, hoarseness, la grippe, asthma, hayfever or any throat or lung trouble it is supreme. 50c. and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

DRY GOODS MARKET.

New York, June 29.—The dry goods were steady and quiet for the day. Some trading is going on in wide print cloths at minor concessions for spot delivery. Jobbers report little change in the character of retail lines. Lines of fine underwear for Spring will be opened July 1.

White Canvas Oxfords.

For July 4th, at Peterson & Rulfs. **

STOCKS GOING FORWARD AGAIN

Swung Back Toward a Higher Range on Market Yesterday Bull Party Made No Attempt to Extend Movement.

New York, June 29.—On a small volume of trading the stock market swung back toward a higher range today, following yesterday's effective bear raid. Stocks of the coalers and Harriman roads were the strongest, with gains of a point or more. The bull party made no attempt to extend the movement, however, and the market became lifeless, drifting through the greater part of the day, with few further changes of moment. The end of the session found prices generally higher, although the advances were generally fractional.

The movement possessed little significance as an index to financial conditions or speculative sentiment. No new influences were brought to bear to lend an impetus to the market, and it remained largely in the hands of professional traders, whose reluctance to engage in extensive operations was evident. Reports which have been heard frequently of late in the financial district bearing upon possible anti-trust proceedings of an important nature by the government were circulated more positively today and may have been responsible in part for the restriction of business. These intimations seemed to find no response in the stock market, although in the last hour there were evidences of selling pressure. Prices recovered after a brief period of weakness in a manner which seemed to demonstrate the underlying strength of the market.

Among the industrials the American Tobacco Securities were the strongest. American Smelting was prominent by reason of its strength, recovering a part of its recent loss.

Canadian Pacific showed another large increase in earnings in its May report. Erie's gain of 270,0000 in net earnings encouraged the buying movement which has been in progress for several weeks in the stock, and it increased its recent gain.

The money market remained undisturbed today, although but one day remains before the advance of July with its unusually heavy disbursements.

Bonds were firm. American Tobacco 4s and Wabash 4s were notably strong. Sales, $4,325,000, par value. United States bonds were unchanged on call. Total sales for the day, 240,000 shares.

LEADERS OF WIRE TRUST UNDER BAN

(Continued from Page One.)

erican Steel & Wire Company nor the John A. Roebling's Sons & Company, also known as the Trenton Iron Works, are designated as belonging to the United States Steel Corporation.

When William P. Palmer, of the American Steel & Wire Company, was informed of his indictment he said:

"This is all new to me. I have nothing to say."

At the office of J. P. Morgan & Company, Thomas W. Lamont, one of the members of that firm said that he had no knowledge concerning any of the associations mentioned in the indictment. He further said that no one connected with the firm knew anything about the Federal proceedings and therefore could not discuss the matter.

Frank J. Gould is in Europe. In his absence none of his legal or business representatives would talk for him.

In the indictment against the Bare Copper Wire Association it is charged that the corporations forming the association produced 95 per cent. of the entire bare copper wire consumed in the United States and that they had absolute control of the price.

Providence, R. I., June 29.—Frank N. Phillips, president of the American Electrical Works, at Phillipsdale, and also of the Washburn Wire Company, said tonight that the indictment against him did not come as a surprise, as he was aware the investigation had been going on for some time. The treasurer of the electrical works, O. H. Wagensell, he said, had been in New York, to testify before the grand jury.

SEVEN STORY LEAP TO DEATH.

Boston Woman, Affected by Her Mother's Demise, Ends Life.

San Francisco, June 28.—Miss Florence R. Cushing, of Boston, who arrived here yesterday from Honolulu, jumped from the seventh story of a hotel today and was instantly killed.

A note found in her bedroom said troubles had made her desperate and asked that her brothr, C. E. Cushing, of Needham, Mass., be notified.

Miss Cushing registered without giving her address, as Miss F. Cushing.

In the note which she left she made it clear that she had intended to jump from a ship, but had found no opportunity.

She was seen by the landlady today sitting on the casement of her window and was cautioned to be careful lest she fall. She answered that there was no danger of that.

A few minutes later she was found by passers-by in the street.

The railroad ticket belonging to the young woman was bought in Boston, January 25th, and was good for a nine months' tour of the Pacific coast. Identification was made by this means.

Boston, June 28.—That she was brooding over the death of her widowed mother is the explanation of the suicide of Miss Florence Cushing given by her brother, Charles E. Cushing, a shoe merchant of Needham.

"Our mother died a year ago," said Mr. Cushing. "She was an invalid and my sister, who was 33 years of age, had been her constant companion. The death was a great shock to her and last January we decided that she must take a vacation. She went from Boston to Pasadena, Cal., and then to Honululu, visiting relatives in both places."

AVIATORS ARE ARRIVING.

Combatants In Circuit Aviation Races at Calais, France.

Calais, France, June 29.—Seven of the contestants in the European circuit aviation races have arrived here. The aviators started from Roubaix this afternoon on the sixth stage, which called for a flight to Calais, and all who reached here safely agreed that the trip was one of the most difficult and thrilling they had yet undertaken. This was largely owing to the violence of the wind. One of the aviators, Vidart, said that he had covered most of the distance sideways.

Vedrines was first to arrive here, followed by Vidart and Beamont. Renaud who broke down about 15 miles from Roubaix, was last to arrive. He carried a passenger and it took him more than seven hours to travel the distance. Valentine and Train are stalled at Wambrechies and Reibescure, respectively, and Prevot, who was indisposed, did not start.

The official calssification for the six stages is as follows:

Beaumont, 48 hours, 8 minutes; Garros, 51:48; Vifart, 64:21; Verdrines, 67:23; Gibert, 75:52; Kimmerling, 76:52; Renaud, not announced.

The seventh stage from Calais to Dover, has been postponed until Monday at the request of the English commissioners, as the international race for the Gordon Bennett trophy is to be held Saturday.

New Orleans, June 29. — Charged with countenancing the levying of contributions to Republican campaign funds on civil service employes and with manipulation of the eligible lists so as to appoint civil service applicants whom he favored, Edwin I. Seyburn, collector of Internal Revenue for the district of Louisiana, resigned today at the direction of President Taft. Seyburn denied the charges.

Washington, June 29.—A rate of $1.85 a ton on coal shipped from the Coal Creek mines in Tennessee to the Spartanburg district in South Carolina was established today by the Interstate Commerce Commission. This is a reduction from the existing rate of ten cents a ton, and is effective August 15th.

ON PHYSICAL EXAMINATIONS.

Address of Dr. Everitt C. Beach Before Medical Association.

Los Angeles, Cal., June 29.—"A survey of the available statistics shows that there are very few cities in the United States giving complete physical examinations to school children; or even sufficiently complete to be of any assistance to the teachers in directing the activities of the child beyond the examination for sight and hearing defects." Such was the declaration of Dr. Everitt C. Beach, of Los Angeles, one of the speakers today at the section on preventative medicine of the American Medical Association, which is holding is convention here. In his report Dr. Beach, among other things, said:

"Physical examinations are conducted for the purpose of detecting variations from the normal that interfere with the mental and physical health, growth and development of the child. We recognize that we are dealing with organisms subjected to the abnormal conditions of school life, that these organisms are constantly changing and apparently insignificant variations may lead us in a short time to such gross defects that their correction is difficult or impossible; and that the normal educative process is possible only when the physical and mental conditions of the child do not vary too widely from established standards recognized as the normal. Evidence at hand sows that large numbers of defects are present in every school. The detection of these variations can be accomplished only by careful examination.

"A careful comparison of results obtained by the boards of health and the city boards of education shows that the greatest benefits are obtained where the preliminary examinations are made in the grammar school by the teachers. There are a number of factors with their closely allied interests which demand consideration before presenting specific recommendations on methods. They are the board of health, the board of education, the parents, the family physician, the teacher, the pupil and the school physician and their relations to one another. All of these and their likes and beliefs are to be reckoned with and reconciled.

"The expense necessary in establishing a thorough system of examinations has been a serious objection. A careful study, however, shows that it is even more expensive to neglect this work. In view of the facts revealed by a study of present conditions, it is felt that a simply, efficient, and uniform standard of methods is desirable. It is recommended that each child be given a physical examination each year and that the examination be sufficiently thorough to detect defects that interfere or are likely to interfere with the health, growth and development of the child. A careful record of the preliminary and the supplementary examinations should be kept."

HOKE SMITH FOR SENATE.

Will Announce Candidacy When He Becomes Governor.

Atlanta, June 29.—"After I am inaugurated as governor, I shall announce as a candidate for the United States Senate." This statement is said to have been made by Governor-elect Hoke Smith, to members of the inauguration committee today, and it is believed it will in a great measure clear the senatorial situation which for several days past has threatened to result in a deadlock in the legislature.

Friends and supporters of those candidates who are opposed to Mr. Smith, and who favor a senatorial primary for the selection of the successor to the late United States Senator Clay, held a meeting tonight and adopted resolutions calling upon the Legislature to provide for a Senatorial primary and favoring those candidates who have announced themselves as supporting this method of election. These candidates are Senator J. M. Terrell, P. A. Stovall, of Savannah; Judge W. A. Covington and S. G. McLendon.

RIFLING MAILS CHARGED.

Mrs. Mary J. Wilson Arrested In Washington Yesterday.

Washington, D. C., June 29.—Mrs. Mary J Wilson, alias Mary J. Goodwin, a widow of this city, was arrested here tonight by postoffice inspectors charged with rifling the mails. She was employed as a clerk in a sub-station of the postoffice and is alleged to have stolen a registered letter and cash. The woman is wanted in New York on a similar charge and two indictments are now awaiting her there. Employed in a similar capacity in New York she was arrested charged with embezzlement. After being indicted by the Federal grand jury she disappeared. Mrs. Wilson tonight, confessed, according to the police, to have stolen letters containing checks. She is held in $1,500 bonds.

DR. J. B. TAYLOR DEAD.

Formerly Pastor of First Baptist Church in Wilmington.

(Special Star Telegram.)

Richmond, Va., June 29.—Rev. Dr. James B. Taylor, veteran Baptist minister, soldier and author, passed away at 7 o'clock this morning at the home of Mrs. Flora S. O'Bannon, 712 Barton avenue, Barton Heights, after a lingering illness. Death was due to a stroke of paralysis he suffered several years ago. Dr. Taylor was at one time pastor of the First Baptist church at Wilmington, North Carolina.

Washington, June 29.—Representative Clark, of Florida, today introduced a resolution calling on President Taft to invite representatives of foreign nations to attend the celebration at Key West, January 3, 1912, or the opening of the extension of the Florida East Coast Railway over the Florida Keys.

A Charming Woman

is one who is lovely in face, form, mind and temper. But its hard for a woman to be charming without health A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c. at R. R. Bellamy's.

WALTHAM WATCH

is ideal for presentation purposes. It typifies those qualities of integrity, fidelity and reliability such ceremonies are planned to acknowledge.

"It's Time You Owned a Waltham," 27

ARBITRATION TREATY READY.

Between America and Great Britain Is Completed.

Washington, June 29.—All formalities necessary to the final conclusion of the general arbitration treaty between America and Great Britain could be completed within four hours, assuming that the machinery was working porperly and smoothly, was the official declaration today. The differences between the two countries now relate merely to phraseology and can be readily adjusted. The British ambassador has full powers to sign the treaty and the administration so far has failed to find any signs of objection to the compact on the part of the Senate.

It is distinctly stated that, notwithstanding an impression to the contrary, the treaty conserves to the utmost the constitutional powers of the Senate in treaty-making and that the question to be submitted to arbitration must first receive the approval of the Senate.

Unofficial advices indicate that the French government is practically ready to enter into treaty relations with America, the basis of Secretary Knox's proposal.

An interesting feature of the projected treaty is the provision for the reference of issues to a tribunal which is so framed as to forecast the creation of the permanent court of arbitration towards which the administration is strictly working.

GIVEN BY AMBASSADOR REID.

Dinner to Duke of Connaught on Departure to Canada.

London, June 29.—The American Ambassador and Mrs. Reid gave a dinner at Dorchester House tonight which was in the nature of a farewell to the Duke of Connaught, who is leaving, after the King's visit to Ireland, Scotland and Wales, for Canada to assume the governor generalship.

The duke was accompanied by the duchess, Princess Patricia and Prince Arthur of Connaught, and the party invited to meet them formed a distinguished company of diplomats, statesmen and persons socially prominent. Sir Wilfrid Laurier, the Canadian premier, was among those present, and many Americans and Colonials attended the dance which followed the dinner.

The house was beautifully decorated with palms and the tables decked with orchids. There were 120 diners—much the largest affair given by Ambassador and Mrs. Reid since they came to England.

Among the others present at the dinner were Mrs. Charles P. Taft and Miss Taft, Special Ambassador and Mrs. John Hays Hammond, Robert Bacon, the American ambassador to France and Mrs. Bacon, John Ridgely Carter, the American minister to Roumania, and Mrs. Carter, Mrs. Joseph Chamberlain, J. Pierpont Morgan and Mrs. John Jacob Astor.

WARE STILL ON STAND.

Put Through Vigorous Cross-Examination—Losses Not Accounted For.

(Special Star Correspondence.)

Raleigh, N. C., June 29.—This was the third day of the cross-examination of F. D. Ware as a witness in the trial of the million two hundred thousand dollar damage suit of Ware-Kramer Co., vs. American Tobacco Co., Ware being president of the plaintiff corporation. And again the letter books of the Ware-Kramer Co., that have figured so prominently in the hands of counsel for the defendant during the trial, were used with a view to impeaching the direct testimony of Ware as to his company being a victim of trust methods of crushing competition. Attorney Parker, for the defendant, especially sought to show that the plaintiff really never did make its factory profitable, one phase of the cross-examination being to show that in 1907 there was the loss of $10,000 that was never accounted for and that in 1908 an investigation of the factory by a government expert showed a shortage of $57,000 worth of tobacco according to the books. A wide range was taken in the examination, Mr. Ware explaining letters as they were read, the general effort being to disprove the allegation that the failure of the plaintiff corporation was due to A. T. Co., persecution.

AUTO MISHAP WAS FATAL.

Harvard Graduate Killed and Three Others Injured.

New York, June 29.—Charles S. Humphries was instantly killed, Henry Wilcox, of West Brighton, N. Y., a student at Yale was mortally injured and two women, one of whom was young Humphries' mother, were badly when the automobile in which they were riding turned turtle late today near Annadale, N. Y.

Wilcox, the owner of the car, was at the wheel. At a narrow part of the road he sheered sharply to the right to avoid an approaching automobile. The car skidded, crashed into a telephone pole and overturned, pinning the occupants beneath it.

Mrs. Humphries, who is 50 years old, sustained four broken ribs. Miss A. Loche, the fourth occupant of the car, sustained a fracture of the right leg and is badly cut and bruised.

Humphries was 22 years old, a civil engineer and a graduate of Harvard University.

Chicago, June 29. — Resolutions adopted today at the closing session of the National Catholic Educational Association follow the attack made by Father Bresnahan on the Carnegie foundation and stigmatize the foundation as a "menace to the intellectual and moral well-being of the American people," and as "aiming at the dechristianization of education in this country."

White Canvas Oxfords.
